

# The South Carolina Court of Appeals

Bernard Bagley, #175851, Appellant,

v.

Palmetto Richland Hospital Prisma Health, John Doe,  
Surgeon, and South Carolina Department of Corrections  
Division of Health Services, Defendants,

of which Palmetto Richland Hospital Prisma Health is  
the Respondent.

Appellate Case No. 2025-000378

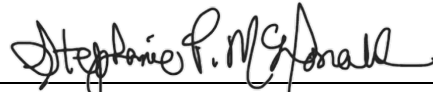

---

## ORDER

---

On February 9, 2026, Appellant filed a motion, in which he appears to request permission to proceed with serving and filing (1) his final brief unbound and without a blue in color cover; (2) the record on appeal unbound and without a cover made of a material not less than fifty pound weight; and (3) the record on appeal without the transcript of the circuit court hearing that resulted in the order challenged on appeal. No return was filed. After careful consideration, we grant Appellant's request to serve and file his final brief unbound and without a blue in color cover and to serve and file the record on appeal unbound and without a cover made of a material not less than fifty pound weight.

However, we deny Appellant's request to serve and file the record on appeal without the transcript of the December 18, 2024 circuit court hearing. Within thirty days of the date of this order, Appellant shall order the transcript from the December 18, 2024 hearing and make satisfactory arrangements, including agreement regarding payment for the transcript in writing, with the court reporter by completing South Carolina Court Administration (SCCA) Form 800, which is being sent to Appellant along with this order. We hold this appeal in abeyance for thirty days.
