I just received this paperwork on yesterday that was dated for March 10th 2026. I am sending this message to state that I didn't receive the summons at the proper time and also I don't agree with what has been sent. I am asking for to stay under Form 13 and Form 13. I am filing under emotion out of time because I did not receive any notice until yesterday in my mail box. I am also filling emotion under 208,209, and 240. Please hear my cry. I am being discriminated against in the worst way. My family is, my grandchildren are. Please help us. Why can't we just move away from this racism that allow others who live in Covey Homes community be suggested to their lies. I see it everyday others are moving from racism and racist people. It is the truth and I have so much videos to prove it. It is sickening to even live here. They have double charged me for EVERYTHING look over it. Like who in the right mind would believe any of it. I am saying my have been discriminated against and we deserve better and justice. Don't wait until someone has died over skittles and an Arizona drink. Please listen and help us. Amen Amen
