TO: Clerk of the Court of Appeals / Counsel of Record

RE: Case No. 2026-00317 – Motion to Proceed Without a Transcript

The docket entry dated March 24, 2026, stating "No Reply from Appellant" is a clerical error that misrepresents the record.

1.

Appellant filed a **Motion to Strike Respondent's Return** on **March 19, 2026**, specifically objecting to the Respondents' filing on the grounds of **Certified Default** and **Lack of Standing** (*Thynes v. Lloyd*).

2.

The Motion to Strike *is* the Appellant's formal reply and opposition.

3.

The "No Reply" flag must be removed, and the March 19th Motion to Strike must be submitted to the Panel of Judges for a ruling.
