SC Court of Appeals

RE: State v Keyshon A. Poinsette JR.
Appellant Case No. 2025-002592

Dear Ms. Jasmine Smith, I recieved a letter from this honorable court on March 16th stating A proof of Service has not been provided. I believe there seems to be a mistake, I Served and filed My corrected Notice of Appeal and a Proof of Service on All Related Parties, Including this honorable Court. on about Jan 12th. The Court believe someone file for me because of my Signature. I then served and filed another Notice of Appeal and Proof of Service around about Feb 8th. I then recieved Correspondence from this court that they were recieved. I Am currently unable to provide another proof of service because I have been transferred to a different Institution and am awaiting my Property along with my Legal Box with my legal mail and material. If this Honorable Court would allow me a few more days I would be able to prove the above and provide another Proof of service. Also may you please send me A copy of everything that has been filed on the Record, Thank You, God Bless.

S/ K. Poinsette
