MOTION TO ACCEPT FILING AND  
PREVENT DISMISSAL OF APPEAL

NOW COME the Appellants, Barbara Rogers and Antonio Rogers, proceeding pro se, and respectfully move this Honorable Court for an Order accepting the attached Designation of Matter to be Included in the Record on Appeal and preventing dismissal of this appeal. In support of this Motion, Appellants state as follows:

1. On March 31, 2026, the Appellants received a deficiency notice from the Clerk of the South Carolina Court of Appeals indicating that the initial brief was not accompanied by a Designation of Matter as required by Rule 209, SCACR.
2. Appellants have acted promptly and in good faith to correct the identified deficiency by preparing and submitting the required Designation of Matter.
3. Appellants are self-represented litigants (pro se) and respectfully request leniency and consideration in the application of procedural rules.
4. The omission of the Designation of Matter was inadvertent and not intended to delay or hinder the appellate process.
5. No prejudice will result to the Respondent by allowing this filing, and justice is best served by permitting this appeal to be decided on its merits.
6. Dismissal of this appeal would result in substantial hardship and injustice to the Appellants.

WHEREFORE, Appellants respectfully request that this Court:

- A. Accept the attached Designation of Matter to be Included in the Record on Appeal as timely filed;
- B. Allow the appeal to proceed without dismissal; and
- C. Grant such other and further relief as this Court deems just and proper.

Respectfully submitted this 3<sup>rd</sup> day of April, 2026.
