

Dear Judge Honorable Stephanie P McDonald

I'm sorry but I don't know how to write a very good brief but I wrote you a while back, really someone else did that went in front of you when you was in the lower courts. The said you was fair and did ~~not~~ believe in True Justice: My Name is Timothy Joseph McKinney 287844 in SCOC doing life without parole, wrongfully convicted and am innocent of the charge of murder. # 2021-GS-42-4163; I am writing on behalf of some videos that was obtained for evidence which I believe they are illegal and unauthorized and was never suppose to have been shown in a court room because the people next door to me, have been for a while eavesdropping and these illegal and unauthorized video's wasn't destroy but given back to the people that it belonged to; And the court's did nothing about it but use them to lie and mistread a jury into thinking I committed the crime which I did not, didn't even know there was a body down there to begin with: 9-60 2021-1745014 illegal Electronic Eavesdropping prosecution policy § 16-17-470: They where secretly spying on me that is against the law in U.S.A; My Appellate Lawyer David Alexander says I have a Anders review that the court is looking over my case, he didn't say when are even how are what I should do, that if I wanted to to send information regarding my case; my only question is what do I do next about this issue and another big issue I'm dealing with is why didn't they involve SKED??? please help me in this matter because I have

Someone doing a brief for me, but my lawyer isn't being much help on anything when it comes to dealing with my case but go off another lawyer's investigation that is no longer on my case: I don't even know if I got a time line or not, I got the letter on the 2<sup>nd</sup> of this month 4/2/2026: Can you please assist me with these issues please
