Appellate Case No. 2025-002448

ORDER

On March 13, 2026, Respondent Governor McMaster filed a motion to be dismissed as a respondent in the appeal, arguing he was never served with a

summons in the circuit court and indicating he was not served with the notice of appeal. Appellant did not file a return.

After careful consideration, we deny Respondent McMaster's motion to be dismissed from the appeal. However, nothing prevents Respondent McMaster from arguing the issue of personal jurisdiction in his appellate brief.
