Appellate Case No. 2024-000517

File date - April 23, 2026

Reason's Concern about what I just read

I just read an order from a judge
I guess dismissing my case and
saying that its without merit, OK, but
the part where I'm concerned at is
it says the PETITIONER HAS FILED
A PRO-SE PETITION,

This is not correct or true. I
have never filed anything ever. I let
the attorney Sarah Shipe do everything
but I have never filed a PRO-SE
~~petition~~ petition ever. Can someone
please look into this matter immediately
because something is out of place and
suspicious. Your prompt attention is greatly
appreciated.

Respectfully Submitted,
Maurice A. O'Brien
