Today marks me fighting four year for something I paid for but under sc Jim Crow laws it allows privilege racist bias incompetent contract lawyer to try scam commit fraud to take it away from me. What more transparent that they believe hiring these contract attorney would intimidate me. Which shows the level being showed when your perpetrating a fraud. What is on record is how the scwcc/ kangaroo Court has undermined the federal government (fmcsa). So as requested a hearing date for this unconstitutional no statue of law to end. Also not let another case be seen as misconduct by the sc judicial system as the case the sc supreme court deem a landmark which clearly in my opinion it was a landmark but belong in the landfill. But I also realized hedlund name was not mention in new contract attorney email also a Jim Crow Patriot. But this directed to him on August 2 2023 the deposition hearing he introduce his kid which he wearing a loud blue suit which showed disrespect but thinking back to that day the kid resemblance attorney mckee. So stop manipulating this case because I feel this court want allow y'all to write the decision of court as the scwcc/ kangaroo Court allowed. So as I stated in my previous email push for a hearing end this embarrassment. And in that hearing laws on breach of contract and retaliation. And undermining the government, fraud, due process, racism all just a small part that truly represents laws enforce under Jim Crow. Benjamin Moses
