Dear Ms. Spencer and Ms. Evans,

I respectfully write to explain an issue I encountered with the electronic filing of my appellate documents in the above-referenced matter.

I timely filed and obtained a lower court time stamp for the Designation of Matter prior to the applicable deadline. However, when attempting to upload the complete appellate materials electronically, I encountered repeated technical issues due to the file size and scanning limitations. The documents were too large to upload properly through the system, and despite multiple attempts, the filing would not process correctly in its entirety.

Additionally, an incorrect file was inadvertently uploaded during the process. The complete and correct documents have now been mailed via U.S. Mail to ensure the full record is properly submitted.

I respectfully ask that the Court take into consideration that:

- the Designation of Matter was timely filed and time-stamped in the lower court;
- I made good-faith efforts to comply with the filing requirements;
- the upload issue was technical in nature and not an intentional delay; and
- the complete documents have been sent by mail to replace the incomplete/incorrect upload.

Thank you for your time and consideration in this matter.

Respectfully submitted,

Nikia Renee Noisette
