New Account Fees

When water service is off at a home or business, fixtures can be unknowingly left in the on position. To prevent a possible flooding of the property, the technician is unable to leave service on if the meter detects flow and no one is present at the location. If a second trip to restore service is necessary, a fee of \$15.00 will be charged to your account.

All requests for service are assessed a New Account Fee of \$30.00 and a Service Charge of \$15.00. The fees are non-refundable and non-transferrable. The fees will appear on your first month's bill.
