Happy New Year!!

I want to take a moment to express my deepest gratitude for being such an integral part of my entrepreneurial journey. Your support has been invaluable.

Building my business has been a challenging yet incredibly rewarding experience, and knowing I have people like you on the same journey, in the same building is satisfying. Your contributions—whether through advice, resources, or simply being there—have helped shape this journey in ways words can't fully capture.

Thank you for walking this path with me and for believing in what we're building for ourselves in the same space.

With heartfelt appreciation,

Zack Alleyne

I attached an agreement letter to help us start the new year off right. Last year was a rough one financially for me. I also want us to meet Thursday the 9th. Let me know what time works for you.
