Ma'am,

I am emailing, as well as sending Hard Copy of this, my first request for Court Reporter Kay H. Richardson to review the audios of case no. 2022CP2604125. Her response is on the Hard Copy. She has been adamant that these transcripts reflect the audio record. This constitutes a Good Faith effort on my part before filing discovery related Motion to Compel. Thanks for all your help! Victoria

**Subject:** I request you listen to the trial 2022CP2604125 again.

Ma'am,

I ask you to please go back and listen to the audio of case #2022CP2604125. I have filed appeal, in my preparation for court I have been unable to find statements by the Judge which formed my decision to appeal. The Statements were, when said Judge addressed my witness he told him "He would say anything for me, as he owed me lots". This greatly upset me and my witness as it inferred that I would offer a witness who would lie, and that my witness would lie. Then after reading the verdict the Judge commented that the jury was ruling on emotion not law. Another definite reason for appeal, as this was opinion generated, and not backed by letter of the law, as well as violation Canon 3` South Carolina Judicial Branch:

**A JUDGE SHALL PERFORM THE DUTIES OF JUDICIAL OFFICE  
IMPARTIALLY AND DILIGENTLY**

**A. Judicial Duties in General.** The judicial duties of a judge take precedence over all the judge's other activities. The judge's judicial duties include all the duties of the judge's office prescribed by law.\* In the performance of these duties, the following standards apply.

**B. Adjudicative Responsibilities.**

(1) A judge shall hear and decide matters assigned to the judge except those in which disqualification is required.

(2) A judge shall be faithful to the law\* and maintain professional competence

**in it. A judge shall not be swayed by partisan interests, public clamor or fear of criticism.**

**(3) A judge shall require\* order and decorum in proceedings before the judge.**

**(4) A judge shall be patient, dignified and courteous to litigants, jurors, witnesses, lawyers and others with whom the judge deals in an official capacity, and shall require \* similar conduct of lawyers, and of staff, court officials and others subject to the judge's direction and control.**

I ask you to listen to see were these statements erroneously omitted. Please get back to me shortly, I am horrified these statements were not in the record. I remain,

Yours truly,

Victoria Joy Stevens
