I Quinton smith would like to file a petition to reopen my case, I was informed that the court did not receive the \$250 that was sent to keep my case open. I Would like to inform the court , that I have all of the funds that are needed for my back paid rent and etc. fees that are included for me to stay. I understand also that the rent every month from here on out is around \$600 and I also have the funds for those payments as well.I Have Proof in a prior email I sent in with the fee of \$50 and \$250, I ask that the court give me some grace despite the prior disagreements I had with Ms. Wallace and my lack of communication. I'm in need of having a home and because of the time frame I'm unable to move at this moment and will need to continue staying at this residence until further notice. I wish to move on from the disagreements and follow the leasing policy if the court grants me a reopening
