Re: Supplemental Status Update – Housing Appeal

Dear Clerk of the Court / Honorable Court,

I respectfully submit this letter as a supplemental update regarding my pending housing appeal.

My family and I remain committed to complying with the Court's orders and resolving this matter in good faith. We have continued making every effort to secure assistance and address the issues involved in this case.

Over the holiday weekend, we learned from the water utility that approximately \$535 must be paid before water service can be restored. We were also informed that, because the account is connected to the rental property, Southland Properties must authorize or coordinate the restoration of service before the water can be turned back on. This situation has created an urgent hardship for my family.

Because of the urgency, I contacted Wateree Community Actions seeking emergency assistance. I have now received an appointment confirmation for July 8, 2026, at 2:15 p.m., and I have attached that confirmation as supporting evidence of my efforts to obtain financial assistance.

I respectfully ask the Court to consider that:

- My family has continued acting in good faith.
- We have actively sought rental and utility assistance.
- We are attempting to resolve this matter despite our limited financial resources.
- This emergency has arisen during the Fourth of July holiday weekend, making it more difficult to obtain immediate assistance.

The lease at issue is the same lease under which I previously paid to have the water turned on. I continue to believe the lease terms and the handling of water service are important issues in this appeal, and I respectfully ask the Court to consider these facts along with the evidence already filed.

Thank you for your time and consideration of my family's circumstances. We appreciate the Court's attention to this matter and remain committed to complying with all future orders and deadlines.

Respectfully,

Cornelius McClary
