Please consider these facts as evidence. All of these pictures were taken while the AC has been running for hours. My daughter is 13 and is a severe heart patient. She struggles greatly with the heat and we haven't had a working AC since we moved in this house. I've talked to Southland properties about this issue, but it was never resolved. It was promised to me that this AC unit would be fixed or replaced. Neither has happened. Thank you for your time and attention.
