Good afternoon,

I am just noticing that Page 8 is the only page showing in the attachment preview and also on C-Track.

Is that all you received?

I am having a hard time with the packet attaching the PDF as a link vs as a document.

I am working to correct this and will have the whole document over to you as soon as possible.

Thank you.

Please find the Supplemental Record ordered by the SC Court of Appeals attached.

Thank you.
