RE: Appellate case no: 2012-210229

Date: 12-18-13

**RECEIVED**

JAN 02 2014

Dear Supreme Court Judge

**S.C. SUPREME COURT**

I write to you today in hopes that you take a very good look into my case. and also pay close attention to the facts I want to point out to you in this memorandum. The following facts should be good enough reason for you to take a look into my case and see that it is or should I say does have enough merit to have this case overturned.

#1) I was suppose to have been sentence as a juvenile and not even went to General session period. (I was only 15 years old.)

#2) on June 3rd 2008 I was ordered for me to get a evaluation. on Feb 26th 2009 DR. BARBARA H. HAATT PH.D Psychologist I for DJJ recommended for me to be seen by a psychiatrist. (I was never seen period)

#3) again per law a juvenile with a low IQ is suppose to be evaluated. my IQ is 73. (I was never seen by anybody.)

At my hearing the Judge asked for proof of my evaluation and they couldn't even prove I had one. He acted unprofessional by allowing the court to continue without all the evidence.

#4) I was questioned on May 25th 2008 by the police without my parents or a lawyer present (Please be mindful I was only 15 years old, a juvenile)

#5) The photo line up paper was never filled out. But the report claims that I was picked out of a photo line up by someone who was seen shooting at people.

#6) I have no warrants what so ever. I was never served a warrant nor was my parents served a warrant on my behalf. Per law if a person is charged for something and arrested. They must be served a warrant and read their rights. I didn't get ~~any~~ any warrants period.

#7) I feel that my lawyer was ineffective due to the fact he didn't argue the fact that I was a juvenile and should be tried as one. It's impossible for me to be able to rehabilitate myself with 22 years.
