Motion to put this evidence on file in my case to overturn my conviction because of misconduct in the office by Sheriff Chuck Wright ~~that received~~ in my case

RECEIVED

SC Court of Appeals

This is a motion to put this evidence on file, notarized, & sent back my original copy notarized to me. This is evidence that because Sheriff Chuck Wright has been sentenced to federal prison my sentence should be overturned as soon as possible because of misconduct in the Spartanburg County Sheriff's Office by the former Sheriff Chuck Wright with this evidence & with the appeal case 2026-000808. The acts of misconduct with the former Sheriff tampering, stealing, & destroying evidence is acts of misconduct in my case also with the evidence being in constructive possession to Sheriff Chuck Wright & his Deputies that destroyed exculpatory evidence before my trial, didn't bring favorable collectable money to trial, stole evidence without BWC, & lied in police reports an in trial committing purgery. Sheriff Chuck Wright's evidence is not creditable & the Deputies under his staff in chain of command are not creditable also obstructing justice destroying evidence & property. The evidence in my case was handled by many officers without a chain of command & the evidence should be destroyed & suppressed with the destroyed cell phone in the state's custody to preserved as evidence for trial. I have tried to get in touch with my legal counsel at the Spartanburg County Courthouse who works for the Public Defenders office who Judge Mark Hayes II conspired & told them not to represent me. seen in evidence "26" on file.

About These Forms

1. **In General.** This and the other pleading forms available from the www.uscourts.gov website illustrate some types of information that are useful to have in complaints and some other pleadings. The forms do not try to cover every type of case. They are limited to types of cases often filed in federal courts by those who represent themselves or who may not have much experience in federal courts.

2. **Not Legal Advice.** No form provides legal advice. No form substitutes for having or consulting a lawyer. If you are not a lawyer and are suing or have been sued, it is best to have or consult a lawyer if possible.

3. **No Guarantee.** Following a form does not guarantee that any pleading is legally or factually correct or sufficient.

4. **Variations Possible.** A form may call for more or less information than a particular court requires. The fact that a form asks for certain information does not mean that every court or a particular court requires it. And if the form does not ask for certain information, a particular court might still require it. Consult the rules and caselaw that govern in the court where you are filing the pleading.

5. **Examples Only.** The forms do not try to address or cover all the different types of claims or defenses, or how specific facts might affect a particular claim or defense. Some of the forms, such as the form for a generic complaint, apply to different types of cases. Others apply only to specific types of cases. Be careful to use the form that fits your case and the type of pleading you want to file. Be careful to change the information the form asks for to fit the facts and circumstances of your case.

6. **No Guidance on Timing or Parties.** The forms do not give any guidance on when certain kinds of pleadings or claims or defenses have to be raised, or who has to be sued. Some pleadings, claims, or defenses have to be raised at a certain point in the case or within a certain period of time. And there are limits on who can be named as a party in a case and when they have to be added. Lawyers and people representing themselves must know the Federal Rules of Civil Procedure and the caselaw setting out these and other requirements. The current Federal Rules of Civil Procedure are available, for free, at www.uscourts.gov.

7. **Privacy Requirements.** Federal Rule of Civil Procedure 5.2 addresses the privacy and security concerns over public access to electronic court files. Under this rule, papers filed with the court should not contain anyone's full social-security number or full birth date; the name of a person known to be a minor; or a complete financial-account number. A filing may include only the last four digits of a social-security number and taxpayer identification number; the year of someone's birth; a minor's initials; and the last four digits of a financial-account number.

(Amended Complaint) (7:25-cv-10435-RMG-WSB)
This is a 1983 & 1985 civil lawsuit claim for a conspiracy to arrest & use excessive force (ECF) on 10/18/23, Spartanburg County (SCo) sheriff's office (SCSO) Deputy Marcus L White & SCo. Drug Task force & Gang Unit Dep. Brady Branson III violated my rights dealing with the 1st, 4th, & 14th amend. of the U.S. Const. dealing with retaliation, with unlawful/illegal search & seizure (S&S), ECF injuring the victim torturing the Plaintiff (PL) with very tight cuffs already very seriously injured injuring the PL more. Also there is violations of my 14th amend dealing with equal protection due to racial profiling & harassing the PL being a minority African American & with due process clause violations with punishment to a pretrial detainee not bringing the accussed to trial or to jury trial like demanded. With violations of my rights to confront my accusser's at trial in General Sessions or in civil trial heard by a jury court demanded in the certified letter labeled evidence "2". In SCo. I filed a complaint for case: 2022CP4204973 for the payment to SCo. in the court of common pleas - 42002 for the amount of $153.55 on 12/19/23 at 11:50:59 Am. paid by the PL with a master card order ID 152231672 with a demand letter on file for a jury trial demanded that I never got any response to while in custody with the SCo Det. Center (SCDC) denying me due process still till this day & just taking my money dismissing my claim on file not answering or giving me a fair jury trial for the accusations in this case, in the case in SCo., & in the criminal trial with the charges that was dismissed/dropped. On 10/18/23 I was at the store taying to pump gas outside of the car driven at the gas pump while I noticed a SCo, Sheriff try to pull beside me at the gas pump without his lights activated or without any probable cause to talk to me. So I noticed him & he noticed me not breaking the law standing outside the car on so I decided that since I was just injured on 9/19/22 by the SCo. Sheriff's that I didn't want to talk to him or I didn't think it was a good idea to acknowledge him in a public area with him harassing me, racial profiling me, or give him the chance to start assaulting me because of being a minority African American (AA) judging me the way I look, talk, walk, & smell. Dep. White never initiated a stop or citation for a seatbelt violation beside me parked at a gas pump standing outside of my car. He can not initiate a seatbelt violation with me outside of a car or without any BWC or video footage proof of his allegations to have any probable cause. So I wasn't under arrest or obligated to talk to any dep. because of my ongoing lawsuit on file case: 0:25-cv-01013 -RMG-WSB, so I drove off at a normal speed to avoid any contact so that I wouldn't get injured again because of paranoia, anxiety, & PTSD of dealing with overly aggressive police reaching for an illegal arrest. When I drove off I knew that I was being harassed when Dep White started running to get back in his patrol car to chase me home to find out where I stayed because they have been trying to find me & I got scared for my life. I was driving at a normal speed, not breaking the law, with my seatbelt on & Dep White activated his blue lights harassing me, stalking me, racial profiling me, & conspiring to use ECF on me. I didn't feel safe to pull over right away because I didn't feel safe because I only had a flip

phone with out a video camera on it & I didn't have a witness. So I drove 10-30 seconds to a safe place at my grandmothers house on Bethlehem Ch. Rd. only a minute a minute away or less from the store that I got harassed at. I pulled in the driveway got out the car with my hands out my pockets to ask the Dep(s) Why they have been harassing me, following me for weeks trying to pull me over in retaliation to my 911 calls the prior weeks since I sent a certified letter on 10/5/23 alleging injuries & ECF to the SCo. I saw Brady Branson III a conflict of interest being the dep. from the booking room when I recieved my injuries & a football rival that went to my old school Dorman High School also in case: 0:25-cv-01073-RMG-MSB having me mistreated in booking put in a isolated cell injured all because I didn't speak to him when injured with a C7 spinous process fracture being a broken vertebrae in my neck & a dislocated/broken shoulder. So while I was speaking with Dep. Branson about being harassed an he sucker punched me in my face while choking me against the car enough force ripping my collectable Kobe Bryant hoodie shoving me against the car. I was trying to get back in the car but the Dep. punched me & said he smelled marijuana & started choking my already injured neck. I was never told that I was under arrest or to get back into the car. Sheriff Chuck Wright then to send a message to me in retaliation to my 1st amend. claims with complaints, 911 calls on their excessive stalking the sheriff's issued this vicarious assault & battery motivated by evil intent having a evil motive to arrest me for a felony to revoke my bond so that I wouldn't be able to get legal counsel while in custody of SCDC to keep me in jail to keep me past my statue of limitations about the 9/19/22 incident case 0:25 without bond & the Dep(s) was trying to find anything to convict me for illegally searching a closed door of my car without my consent & seizuring me without Probable cause. So Dep. Branson had all of the knowledge of who I was from being a old classmate who saw me injured in SCo. booking on 9/19/22, ordering me to be mistreated by the staff for not talking to him in booking. Seen on the BWC I was just talking & never tried to run on foot or flee the scene, I was just talking. I only resisted from being strangled, attacked, & raped for my rights searching me never finding any drugs lying that they smelled marijuana when probable cause is not lying about a smell. The Dep. said he smelled drugs on me to attack me & search me in which he did whatever he wanted to do with me in a disturbing video seen on BWC evidence, I tried to throw up my defense to stop Dep. Branson from punching, choking, & slamming me to the ground non-aggressive while with a injured neck seen in evidence "NB" & right arm with surgery seen in evidence "HR" just talking with Dep. Branson already having knowledge & great memory of my injuries already. Dep White showed & used ECF pointing a loaded gun at a unarmed black man being a minority with only 1 arm that works threatened to be killed if I swung to fight. Dep. White also helped tackle me to the ground assisting & helping Dep. Branson hold me down injuring my body with an excessive s&s. Seen on the BWC the Deps tackling me to the ground & me screaming in pain then pulling my arms back to the back, also kneeing my private areas with cheap shots, injuring my penis, injuring my arms, injuring my back with hip pains from wrestling me. This event has left me at Kirkland & Evans CI with a very serious neck injury that Kirkland CI has gotten x-rays of & have issued me a neckbrace for

(Amended Complaint) (7:25-cv-10435-RMG-WSB)

from my injuries getting worser. Seen on BWC Dep. Branson III ureipping my pants illegally S&S me for drugs touching my penis & private area from the time I was on the eground & they was on top of me on my back also never finding drugs. Dep Branson III used a strong hard-control technique choking me by my already fractured neck & seen on the BWC of him choke slamming me in the back of his vehicle when I asked him to fix the cuffs to the front because of my surgery, pains, & cuts on my wrists with bruises violating policy handcuffing a injured person requesting the cuffs to be fixed so not to get injured more unable to get in his vehicle with the extra tight painfull cuffs. My requests for the Def(s) Branson & White to loosen up & move the cuffs while suffering in major pain from abusive application of overly tight painful cuffs was ignored & no reasonable officer could believe that the abusive application of cuffs & chokeslamming a injured & disabled man was U.S. Constitutional. My grandmother sat an watched them assault me while screaming & I told her to call the ambulance. after I told him many times to stop touching my penis & searching me without my consent for drugs that I didn't have. After I was illegally searched then Dep. White opened my closed car door & searched for drugs in the car & threw my keys in the grass without my consent. The Dep(s) had no probable cause to search me or didn't have my consent to search me or the vehicle with the charges being dismissed without any trial. The equal protection of my rights being a minority African American man demasculated has been violated attacking me because I'm black & smelled some type of way they say I smell never finding anything on me which was really a vicarious attack from Sheriff Chuck Wright, SCo.,) & The City of Spartanburg (CS) along with the U.S. (U.S.A) also as a Def. allowing my bail to be revoked with my name being spelled wrong on the motion for revocation & allowing a dismissed an expunged probable cause charge seen in evidence "25" & "18" resisting arrest from 9/19/22 to arrest me on 2/8/24 never bringing the charges in this lawsuit to General Sessions trial or civilolly as a reckless, evil motivated motive, with callous indifference to arrest me & to illegally S&S to hold me in jail with no bond to run out my statue of limitations for my case. My rights of the U.S Const by the U.S.A. law enforcement & by U.S. judges has been violated by Judge Mark Hayes II violated state-law & federal laws of the 6th amend conspiring to tell my lawyers not to represent me violating my rights to counsel, rights to a fair trail, & ineffective counsel by my lawyers & DO Jennifer E Wells & Christopher Grubbs seen in evidence "26" of them conspiring telling them not to represent me in my case being misconduct of non-judicial acts by a U.S. Judge & being U.S. Judge Derham Cole watched me get assaulted while I got my bond revoked not intervening with my screams of pain asking for his Dep to fix the cuffs again in front of the U.S Judge still ignored showing patters of conduct. Every one in this complaint is in this 1983 & 1985 conspiracy for violations of my 1st 4th 5th, 6th 8th & 14th amendment of the U.S. const & to be sued in official & individual capacities for punitive, compensatory, nominal relief for damages. Amy Cox the clerk of court of SCo. Courthouse ignored my certified letter about injuries.

① notice of appeal (0:25-cv-.....)

② motion to amend the amended complaint pages 2 of 4 & 3 of 4 with evidence 4 of 4 & ③ to add defendants

①This is a notice of appeal to case: 0:25-cv-01073-RMG-WSB first. ②Second, this is a motion to amend the amended complaint pages 2 of 4 & 3 of 4 with evidence 4 of 4 added also. ③Third, defendants that are needed to be added to the 1983 & 1985 claim for a conspiracy to use ECF on African Americans & delay/deny medical showing deliberate indifference to serious medical needs towards African Americans by the Def(s) Brady Branson III, Dep. Clark, Dep. Christopher Rojas, Dep. Matthew C Smith, Kathy White, Nurse Gerald Deel, Nurse Roach, Spartanburg County, The City of Spartanburg, & The United States (U.S. or U.S.A.) for violations of the 4th, 5th, 6th, 8th, & 14th amendment of the U.S. Const. along with Sheriff Chuck Wright with Judge Mark Hayes II added to the defendants also.

Craig Ninja Antonio Braxton 7/9/26

The Plaintiff (PL) contends Defendants (Def) Dep. Clark, Dep Christopher Rojas, Dep Matthew C. Smith, Kathy White, Nurse Gerald Deel, Nurse Roach, Spartanburg County (SCo.), The City of Spartanburg (CS) & The United States of America (U.S.A) engaged in excessive use of force (ECF), an unlawful/illegal search & seizure (S&S), & deliberate indifference to serious medical injuries in violation of the PL rights under the 4th, 5th, 8th & 14th amendments to the U.S Const. The events giving rise to PL's claims occurred on 9/19/22. According to PL Dep. Clark did not let him read a search warrant, lying only being a arrest warrant for Marcus David Ross Barlow. Dep. Clark & Dep Smith asked could he search me & the home after blocking the driveway completely enabling me to leave seizuring me with the car & home surrounding me & the home having me fearing for my life. I was already seized illegally not being the person on the arrest warrant & seized unlawfully not being the suspect also denying them consent to search. The Dep(s) knew they violated my rights & I asked to see the search warrant Dep. Clark lied about that he said they had & Dep Clark smacked down my hand while I reached to see the warrant & he reached for his gun also intimidating me & harassing me asking where the suspect was. I told them that the suspect was not home but at work an I was not the suspect & that they was not there for me so they asked for my ID. When I reached for my ID when asked Dep. Clark told me "don't you reach" while reaching for his gun & I thought Dep Smith had a gun also & a deputy was getting something out of his SUV. So I ran fearing for my life that they was going to kill me. I got scared because Dep. Clark & the other Dep. didn't have on any BWC on not making me feel safe, I was not under arrest when I ran or before & I was not the suspect to chase arresting me for resisting arrest knowing I was not the suspect. The resisting arrest charge is the probable cause & it was dismissed on 12/1/22 at the preliminary hearing by Judge Charles Bagwell & the judge expunged it from my record bringing it back up in the bond revocation seen in evidence "18" & "22." Dep Smith injured me arresting me illegally & unlawfully dislocating my shoulder seen in evidence "21" & breaking a vertebrae in my neck seen in evidence "NB" of my C7 spinous process fracture & need to wear a cervical collar. I was threatened to deny medical before entering his car & before going into the hospital to deny medical heard & seen on the BWC evidence. Pictures of my injuries was taken of me in the hospital severly injured at 11:06 am & at 11:56 a.m. the judge issued a search warrant for the suspect's house where he was never seen there or there fleeing the scene making the search invalid never seeing the suspect on the Search Warrant. In the house they found my safe & my bag having #17,405 both close with locks & combination codes on them & only half the money was put in evidence with two cell phones. One cell phone was destroyed by Dep Christopher Rojas being that there was no evidence of drug activities the Dep. violated my due process purposely destroying evidence. I did not want to talk to the officers but I was unlawfully & illegally seized with the car & the home without the suspect Mr. Barlow ever being on the scene not never ever fleeing the scene. The Dep(s) misconduct of illegal Search & seizure caused my injuries. Dep Rojas violated section code 23-1-240 not wearing BWC along with Dep Clark. Dep Rojas also fabricated supplemental report about "Marcus Barlow, fled the scene & Craig Brewton was detained" to obtain a search warrant saying the suspect was there. Dep Smith also fabricated the supplemental police report & said "that I admitted to him that I finished smoking marijuana" which was a lie in court committing purgery seen on the BWC in court as evidence. Dep Clark also fabricated the Dep. report of being able to hear & smell from within the residence of a closed door. Dep Rojas was not supposed to destroy evidence, not preserving evidence for trial being that the cell phone was completely damaged/destroyed is a violation of obstruction of Justice & Evidence. The cell phone & the money was exculpatory evidence being that the cellphone would of shown my involvement in criminal activity & the money is favorable to me & is old collectable #50's & #100 bills obtained from loans, unemployment benefits, income taxes, stimulus refunds, & odd jobs being funds over a two year span from cutting gross, cutting trees, & lawncare with work on box trucks & babysitting seen in evidence "2". Dep Rojas should of had BWC on 5 mins before the search & 5 mins after the search to show the time of the search & to show the destruction of the home & safe with the bag violating my rights. Nurse Gerald Deel & Nurse Roach both knew that I was injured & saw that I couldn't lift my arm an saw I had minimal Range of Motion of my right arm seen in evidence "MN" with some assymetrical placement but said my injury appears nonemergent & discussed with waiting to complete my process prior to being sent back to the Emergency room. I asked to go back to the ER without the handcuffs because they hurt on me but I was thrown in a cell without food to punish me for not speaking with Brody Branson in the booking process & then forced to be injured in jail as extra punishment. I never was sent back to the ER & Kathy White is to blame being the supervisor over medical notes, medical appointments, medical hiring & firing for a claim for supervisory liability. This is a 1983 & 1985 conspiracy to use ECF & delay/deny medical showing deliberate

indifference to serious medical needs towards African Americans. Being that Judge Mark Hayes II conspiring against me seen in evidence "26" in a letter to my paid lawyer & public defender not to represent me in a trial causing a complete breakdown in the client & attorney (Jennifer E Wells & Christopher Wells) relationships that caused the lawyers to be fired for ineffective counsel violating my 6th amendment & convicted the PL of 25 years after the opirement's acts of misconduct. Judge Hayes conspired to use ECF & allow the misconduct on African Americans (AA) on cover up the PL's injuries. Municipality itself is at fault for the officers actions because the courts knew about the injuries sent by certified mail/letter on 10/5/23 seen in evidence "2". The Def(s) are two or more people conspiring for the purpose of impeding, hindering, obstructing like Dep Rojas, & defeating the course of justice in SC with intent to deny me to equal protection of the laws to ECF & medical treatment. There is a monell claim for ECF & failure to train against SCo., CS, & its former Sheriff Chuck Wright being their final policymaking authority. The Def(s) policy of discrimmination against African Americans & widespread practice or custom adopted policies customs, & or practices which encourages Spartanburg Police officers to use ECF & delay/deny medical to to African Americans. The policy is the moving force behind the Const. Violations of ECF & deliberate indifference to serious medical injuries to African Americans. The policy shows a pattern of racial discrimmination to African Americans & miscorduct doing this to me several times, my friends, & to my family using ECF with proof from affidavit by Tikita Foster seen in evidence "5." The Extremely tight handcuffs caused my injuries with also being wrestled. For the PL injures, PL contends he has a dislocated shoulder & a broken vertebrae in his neck with proof from an illegal choke hold used on George Floyd "& naked armbar hold used in UFC Fighting." PL asserts that he "banded out" & paid for his own surgery by taking out loans. PL alleges that he suffers bad headaches & memory loss from being tazed unconcious. PL contends he "had a concussion being tazed a couple of times" seen in the BWC evidence & passed out. PL contends his back hurts very bad still to this day when he moves along with his neck & he has "bad dreams from the incident & can't sleep from nightmares & being depressed." PL had surgery on 2/22/23 seen in evidence "21" as proof. For his relief, PL seeks $44,000,000,000 for damages with the 25 year conviction immediately overturned. The dep(s) knew who I was because I told them & the looked up my pricture profile in the car to see my tatoos & the difference between me & the suspect seen on BWC evidence. The Dep(s) asked to see my tatoos, saw my tatoos & knew it was me me & they scared me by reaching for guns & also jumping behind me trying to grab me from the back & a hop went to a skip to a run with me unable to see Dep Clark behind me while talking to Dep. Smith. This is also to add Dep Brody Branson III in this lawsuit for ordering the booking dep(s) to put me in a jail cell in booking for not talking to him when I have the right to remain silent. I was punished for not talking to Dep Branson III for being injured on 9/19/22 & he has a conflict of interest being a old classmate & football rival giving me poor treatment ordering me in a cell without medical treatment. This is my amended complaint I need to amend after the motion for appeal or direct appeal is filed in the DC court. This a monell claim for SCo., CS, & the U.S. sued in official & individual capacities. The Def(s) showed evil intent to harm & punish the PL.

This is a direct appeal or appeal with the direct appeal sent May/26/26 on file. This appeal is for the Civil forfeiture seized on 9/19/22 illegally & unlawfully during a illegal search & seizure injuring me violating my rights. The Sheriff Chuck Wright has resigned for misconduct stealing, destroying, tampering with evidence with obstruction of justice. This is Chuck Wright's evidence seized & all evidence in the chain of command of Sheriff Chuck Wright & by his staff of deputies is noncreditable or without credit an should be voided being that the Sheriff Chuck Wright is a felon in prison. The State has failed to show that the money proceeds are traceable to illegal drug transactions. There is misconduct in the case with destroyed exculpatory evidence being a cellphone also seized not brought to the forfeiture that was destroyed in the State's possession & control of the evidence that would of proven my innocense, an proof of my funds, & if I did or didn't participate in drug activities. Sheriff Wrights evidence & drug is inadmissable to the case at hand & the case should be dismissed an thrown out, The Direct Appeal was sent before the 10 day period to the court of appeals on time.
