Re: Brad Tidik v. Karen Sorensen  
Appellate Case No 2026-001189

Hi,

I received your 7/24/26 letter stating time has expired for some Appellant Initial Brief and it is in error as to rule and law being:

1. There is no existing or actionable appeal to be dismissed as no *In Forma Pauperis* or "...filling fee.." has been tendered to this court. SCACR Rule 203(3)
2. Until the continuing Appellant *In Forma Pauperis* matters are resolved by the court there is no actionable appeal. See appellants 7/22/26 letter to this court.
3. As appellant is barred and tolled by the court from acting until the fee/*In Forma Pauperis* filing matters are resolved then this courts letter of 7/24/26 is *void ab initio* until the preliminary Notice of Appeal matters are resolved and the letter of 7/24/26 must be reversed.
4. If this is not reversed additional motions will unfortunately have be placed before this court.

Please correct/reverse the letter of 7/24/26.
