I, Shaun Lindsay, attest to have received any transcripts related to this case with the exception of the actual judgement transcript. I am told there is no transcript because there was no hearing.

Mr Wyatt had the judge sign off on the judgement without being served.

He claims Michelle Dugger (formally Lindsay) accepted service for me however, she had no legal right to do so nor does she acknowledge any acceptance was ever done.

The judgement was obtained illegally and without service.

Any remaining related hearings, I have received transcripts for.

Let this stand as my formal attestation of the related question of transcripts.

Thank you for your time

Shaun Lindsay
