My sibling Alisha Vanderhall Murray Davis has filed 5 false unlawful evictions. An invalid deed based off old outdated plats and surveys. The tax assessor illegally changed property and manipulated tax records . Our land remains undivided . She filed the first Notice to Quit in 2021 it was dismissed in my favor pursuant S.C. code 22-3-20. The magistrate court allowed her to file an appeal she later dropped before dropping her attempt to appeal she wrote a letter admitting the drafting attorney was aware of her intention to extort me by using my home as bargaining tool. She admitted the attorney pulled up the Gis tax map and was aware assessor had changed the property. She stated Jim told her she owned property marked on tax map a portion of tracts 2&3a 3b &3c. The property does not exist. A ghost property that has been manufactured . She stated my home was not on the invalid deed and stated she surveyed the property contradicting what drafting attorney stated. In 2023 she was allowed to file 3rd and 4th false eviction A Notice to Vacate and appeal 2 different jury's ruled in my favor magistrate jury's. Then she was allowed to file another Notice to Quit in 2025 the magistrate judge ruled in her favor due to invalid deed and illegal manufactured tax bill for property that does not exist . I filed another Notice appeal the circuit court judge used return from magistrate to make his decision. He did not know evidence is invalid and manufactured. While I was on a stay and had been granted a 30 day continuance magistrate judges issued 2 writs I was evicted arrested at my home that is incorrectly addressed. Alisha is very much aware of that. She had me arrested twice charges have been dropped by the state. She is in possession of my shell home on cinder blocks , my utility building and all my possessions . My father allowed me to place my shell home on property tract 2 I would one day inherit a share of. My rights both civil and constitutional my private properties and possessions have been stolen as well as the 2.58 acres she has been claiming that has been manufactured on tax map and tax records. Thank you Latausha Vanderhall please dismiss this default judgement and order my property be returned immediately.
