S.C. SUPREME COURT

*** **EXTERNAL EMAIL:** This email originated from outside the organization. Please exercise caution before clicking any links or opening attachments. ***

Thank you for your response.

The Petitioner keeps contacting me, opposed to the Court, to obtain a stamped copy of our filings.

Since the records are not accessible to the public at this time, is there a way for you to provide all parties with stamped copies of all filings as they are submitted?

If not, can you advise the Petitioner of her options and the Court's process(?).

Thank you again.

Good morning Ms. Shealy, I am attempting to access the filed documents in this matter, and I keep receiving no records found or this particular matter is not in the C-Track system. Is there another system that I should be checking for the documents?

Any information/direction that you can provide will be appreciated.

Thank you in advance for your assistance.

Good morning Ms. Shealy, I believe that is the address she had on her Writ of Mandamus. Additionally, Fort Mill and Indian Land are one and the same. We have dealt with Ms. Benson in the past and she uses these Cities interchangeable. The Petitioners were basically served via electronic mail only. The address was included for future reference.

Let me know if you need additional clarification/information.

Thank you for bringing this to my attention.

Dear Ms. Chatman:

I noticed that the certificate of service address for Ms. Benson is not the same as the address she had listed on her petition. The address that I have is 235 Straightaway Lane, Fort Mill, SC 29707. The certificate of service shows Indian Land, SC. Can you please advise.

Delivery has failed to these recipients or groups:

suptctfilings@sc.courts.org (suptctfilings@sc.courts.org)

Your message wasn't delivered. Despite repeated attempts to deliver your message, the recipient's email system refused to accept a connection from your email system.

Contact the recipient by some other means (by phone, for example) and ask them to tell their email admin that it appears that their email system is refusing connections from your email server. Give them the error details shown below. It's likely that the recipient's email admin is the only one who can fix this problem.

For Email Admins

No connection could be made because the target computer actively refused it. This usually results from trying to connect to a service that is inactive on the remote host - that is, one with no server application running. For more information and tips to fix this issue see this article:
