Hello,

I am asking that you please reconsider this dismissal. This was a trial in absentia that was held back in February. The Defendant was later located and brought to court on July 28 to publish the sentence. At that time, post-trial motions were heard, including a motion to re-consider the sentence. I understand that we had ten days from the publishing the sentence to file our appeal, since the sentence was not known between

February and July. Please let me know if there is anything I need to do to make sure the appeal is heard. Thank you.
