Affidavit

At the Core of this case is the use of illegal surveillance in violation of 18 U.S.C.A. Sec. 2261A (B)(2)(B). Various forms such as Flock cameras, Signaling System 7, or SS7 to acquire two factor authentication codes, gain access to accounts, or forward and/or intercept calls and text messages and more, as well as the use of query strings to recall or forward information. The mail system has been used to harass and follow, similar to the abuse of Flock cameras to harass, intimidate, and track, and all has been used in conjunction with Law Enforcement, Healthcare Systems, and private surrogates to terrorize and exploit, and the evidence in part, is submitted to court with perjured testimony and fabricated evidence, and ignored as if people are simply allowed to do these things without consequence.
