COMPLAINANT: Shirley Etheredge Mitchell**ADDRESS:** 339 Line Street Batesburg, SC 29006**TELEPHONE NUMBER:** 803-504-7393**TITLE:** Batesburg-Leesville Town Councilmember**RESPONDENT:** Lancer Shull**ADDRESS:** 533 E Columbia Ave Batesburg, SC 29006**TELEPHONE NUMBER:** 310-493-3056**TITLE:** Batesburg-Leesville Mayor

Set forth in detail specific facts upon which you based your complaint against above-named respondent (only detailed, clear factual allegations will be considered. If additional space is needed, attach supplemental sheets).

This is an official request for an investigation. Batesburg-Leesville Mayor Lancer Shull is paid by the Town of Batesburg-Leesville and he is also a paid Board-member of the Joint Municipal Water and Sewer Commission. Mayor Shull has voted and steered a \$20,000,000+ infrastructure contract from Batesburg-Leesville to the Joint Municipal Water and Sewer Commission [on which he serves] and to Hazen & Sawyer. His voting and steering places Mayor Shull is in violation of SC Section 8-13-700 and SC Section 8-1-80.

The Batesburg-Leesville Town Council minutes (attached) show that Mayor Shull was removed from the Joint Municipal Water and Sewer Commission Board by a 5-4 vote of Council on January 13, 2020. Instead of recusing, Mayor Shull voted "No"; after the vote, he was so angry and distraught that he pressured Council members Cynthia Etheredge and Bob Hall, [who were new to council at the time] to reverse their vote in a hastily scheduled special council meeting 8 days later on January 21, 2020. Mayor Shull consented to the special council meeting and presided over the meeting, he voted to reverse the appointment of the new appointee and then he voted for his own reappointment to the Joint Municipal Water and Sewer Commission. After being voted back on the Commission's Board, Mayor Shull met with Hazen and Sewer engineers, consultants, citizens advocating for decommissioning our water plant. On March 9, 2020 Mayor Shull presided over a meeting where the BL Town Council voted 6-0 to purchase water and/or capacity from the Joint Municipal Water and Sewer Commission; Mayor Shull vote in "Yes".

Dear Courtney Laster:

This is an official request for an investigation. Batesburg-Leesville Mayor Lancer Shull is paid by the Town of Batesburg-Leesville and he is also a paid Board-member of the Joint Municipal Water and Sewer Commission. Mayor Shull has voted and steered a \$20,000,000 + infrastructure contract from Batesburg-Leesville to the Joint Municipal Water and Sewer Commission [on which he serves] and to Hazen & Sawyer. His voting and steering places Mayor Shull in violation of SC Section 8-13-700 and SC Section 8-1-80.

As a Board-member of Joint Municipal Water and Sewer Commission, Mayor Shull is required by S.C law to recuse himself from voting on matters that involve the Commission that come before the BL Town Council and from advocating on business matters concerning the Commission. Mayor Shull has consistently presided over meetings with business involving the Commission and he has consistently voted in his own interest and in the interest of the Commission. This behavior violates State Ethic Laws and is tantamount misconduct in office.

Mayor Shull's behavior is curious because Batesburg-Leesville has it's own reliable water plant and sewer plant. With the available federal infrastructure funds, Batesburg-Leesville is positioned to repair, replace and expand its plants. We have completed engineering drawings that can easily be used to build a new state-of-the-art water plant at the site of the current water plant. It makes no rational sense that we would decommission our plant to become a customer of the Joint Municipal Water and Sewer Commission, especially considering the fact that the Joint Municipal Water and Sewer Commission is itself a water customer of West Columbia's water system. We should be negotiating for new customers not being steered by Mayor Shull into becoming a customer.

The Mayor has voted several times and has been an outspoken advocate in favor of the Joint Municipal Water and Sewer Commission to the disadvantage of Batesburg-Leesville citizens and according to SC Ethics Commission General Counsel, Ms. Courtney Laster, this is a clear violation of Section 8-13-700. This section of SC law would require Mayor Shull to recuse himself from any official business involving the Joint Municipal Water and Sewer Commission, to include discussions leading up to any formal votes. The attached exhibits of official Batesburg-Leesville meeting minutes and emails, detail votes taken and some bullying tactics.

The Batesburg-Leesville Town Council minutes show that Mayor Shull was removed from the Joint Municipal Water and Sewer Commission Board by a 5-4 vote of Council on January 13, 2020. Instead of recusing, Mayor Shull voted "No"; after the vote, he was so angry and distraught that he pressured Council members Cynthia Etheredge and Bob Hall, [who were new to council at the time] to reverse their vote in a hastily scheduled special council meeting 8 days later on January 21, 2020. Mayor Shull consented to the special council meeting and presided over the meeting, he voted to reverse the appointment of the new appointee and then he voted for his own reappointment to the Joint Municipal Water and Sewer Commission. After being voted back on the Commission's Board, Mayor Shull met with Hazen and Sewer engineers, consultants, citizens advocating for decommissioning our water plant. On March 9, 2020 Mayor Shull presided over a meeting where the BL Town Council voted 6-0 to purchase water and/or capacity from the Joint Municipal Water and Sewer Commission; Mayor Shull vote in "Yes".

Mayor Shull's votes and his behavior clearly violates SC Law and warrants a grand jury investigation and adjudication. Also, the motion and vote that Mayor Shull helped craft names Hazen & Sewer as the engineering firm for the project. In most similar cases, staff would bid engineering services to get the best price possible for the citizens. I understand that Hazen & Sawyer and its associates are engaged in business ventures with the Joint Municipal Water and Sewer Commission so the Mayor's steering council to sole-source a contract to Hazen & Sewer Commission is also a violation of SC law.

Normally the potential of a \$40 million grant would prompt a politician to act in the best interest of his community and rally Council towards plans to repair/replace and expand our plants and to sell water to surrounding communities with water needs. Here, Mayor Shull has done the exact opposite by pushing a curious plan to handover \$20 Million to the Joint Municipal Water and Sewer Commission and making Batesburg-Leesville a customer of the Commission he fought to serve on?

This matter requires an immediate investigation. The public has to be able to trust that Mayor Shull and others are acting in the citizen's best interest and not their own best financial and political interest. I am asking for an investigation into this matter. Mayor Shull is clearly in violation of SC law, but there are other bad actors who have participated in steering Batesburg-Leesville into doing business with the Joint Municipal Water and Sewer Commission and Hazen & Sawyer even when a lay observer could easily reason that this arrangement disadvantages Batesburg-Leesville and favors the Joint Municipal Water and Sewer Commission and others.

I look forward to your response,

Regards,

Shirley Etheredge Mitchell
Batesburg-Leesville Council District 5

Councilman Cain,

Below is the email that was sent by Mr. Hall to me wanting to have the Special Meeting. As for Ms. Etheredge, her request came by phone that she wished to meet about the appointment. With regards to those listed that Mr. Hall emailed the request to, they also called me and expressed that they wished to meet, based on Mr. Hall's email, about the appointment.

Mr. Hall did express to me after this email that his intent was also to move forward with the Town Attorney and Town Judge contracts. Mr. Hall further communicated that with all the parties involved and they all further expressed to me that they wanted those items on the agenda as well.

As another note, in his initial request, he stated Monday, January 20th. During a discussion with Mr. Hall, I did note that this was M. Luther King Jr. holiday and he changed his request to Tuesday, January 21st.

Subject: Request for support of a special meeting of Town Council

I would like to have a meeting of Town Council on Monday January 20th for the purpose of revisiting the issue of the appointment of a representative to Lexington County Municipal Water and Sewer Commission as well as the contract with the Lexington County Magistrate for services

The urgency is due to possible damages which may be done, if we delay. to the Town's relationship with the Municipal Water Commission because of my vote on the issue of an appointment.

My vote was influenced by incorrect information from a party or parties on this and related issues.

I would appreciate your help in reversing this error by notifying the Town Manager of your support for the meeting. If you have questions I will attempt to answer them.

Thank you

Set forth in detail specific facts upon which you based your complaint against above-named respondent (only detailed, clear factual allegations will be considered. If additional space is needed, attach supplemental sheets).

It is my understanding that BL mayor Lancer Shull, who sits on the Joint Municipal Water & Sewer Commission Board - needs to recuse when contracts and financial policy issues that requires Town Batesburg-Leesville's participation and also involves Joint Municipal financially. Tonight the mayor voted on a project for BL sewer expansion and the same project would give Joint Municipal water contracts that actually bypasses BL and encroaches on BL's water district. Batesburg-Leesville has the capacity to service this project with water and sewer independent of the Joint Municipal Water and Sewer, though Joint Municipal Water & Sewer cannot service that contract without Batesburg-Leesville.

Our town attorney's opinion is that a Per Diem is not a thing of value ergo the mayor can vote on the project as a member of both boards?

NEW BUSINESS

A. Presentation of Fiscal Year 2018/2019 Financial Audit by Dooley & Company

Manager Luckadoo introduced Ms. Amy Ely with Dooley & Company to present the presentation.

- Ms. Ely stated she was presenting the annual audit for year ending June 30, 2019.
- Reported the Town received an **unqualified opinion** which is the best opinion that a town can receive. This means that in our opinion the financial statements of the Town are fairly presented in all material respects.
- The Town did not issue any new bonds or become obligated for any new leases for audit year ending 06/30/2019. However, payments did continue on the capital equipment lease from 2016 and 2015 bonds.
- General revenues of the Town, which includes property taxes, state revenue and licenses and permits, account for around \$3.8 million in revenue. This is about 47% of the revenue of the Town. Program revenue, which includes grants and payment for services, account for around \$4.2 million in revenue. This is about 53% of the revenue of the Town. The total revenue of the Town and DPW was approximately \$8 million.
- The Town and DPW had total expenses of approximately \$7.4 million. As you can see, revenues were adequate to cover expenses.
- As of June 30, 2019, the Town had assets of \$19 million and liabilities of \$7.5 million. Included in the total liabilities is an item that is required by governmental accounting standards...net pension liability. This accounts for \$5.3 million of the Town's liabilities. The net pension liability is basically the Town's proportionate share of the State & Police Retirement System's pension

AUDIT PRESENTATION CONT'D.

liability.

- The net position of the Town was approximately \$12.4 million. The net position is, over time, a useful indicator of a government's financial position. The Town's financial position is the product of several financial transactions including revenue and expenses, issuance and payment of debt and acquisition and disposal of capital assets. The net position of the Town and Public Works Department increased by \$676,000. This is about 6% increase from fiscal year 2018 to fiscal year 2019. That is an indicator that financially the Town is in a better position as of June 30, 2019 than it was at that time the previous year.
- Ms. Ely encouraged Council to review all the various financial reports included in the audit report and to review the notes as they provide valuable information concerning the numbers included in the statements.

A question and answer period was held after the presentation. A motion was made by Council Member Gambrell with a second by Council Member Etheredge to accept the audit as presented. With no discussion, a vote was taken.

MANAGER'S REPORT

Before I begin, I would like to express the Town's condolences on the loss of Ms. Kathy Mingo, former Councilwoman for District 6. She passed away on Friday afternoon. Please keep her family in your thoughts and prayers.

UPCOMING TOWN HOLIDAYS AND EVENTS

- Just wanted to start out by reminding everyone of our upcoming holiday office closures. Town offices will be closed Monday, December 25th through Wednesday, December 27th for the Christmas Holidays and Monday, January 1st for New Year's. Next Monday, December 18th, we will be closed from 12:00 until 2:00pm for our Town Employee Christmas Luncheon and End of the Year Awards.
- The LMA Christmas in Leesville event was a success, the parade and after event in the park were greatly attended. We had our largest turnout yet for the event in the park

PROJECT UPDATES

- Since last month's update, we still have not received final word from RIA regarding our request to use an additional \$2.9 million dollars towards our line connection to our Lake system. Once they give the final word, SRF will be able to send us the Resolution they require to be passed for funding. Although we are not likely to have financial obligation towards the connection with JMWSC, we are still required to pass the resolution. Also, once we have final word from RIA, this will put us in a position to move forward with bidding the line to the Lake system and seeing what financial obligation we have for construction of that line, which is projected at \$1.6 million. Our hope was to have funding resolution for JMWSC portion of project on this month's agenda, but we are still awaiting word from RIA.
- The contractor for the C Fund sidewalk project continues to make great progress. He has poured new sidewalks behind Kwik Karry along Pine Street, he has finalized the work at Saluda Avenue/Ruby Street, and he is now working along Highway 23 from Kwik Karry to Saluda Avenue. We should be submitting our request for 2024 C Funds within the next month to Lexington County. If you know of any additional sidewalks in Town that are broken and need repair, please let us know as soon as possible.

ATTEST:

Judy E. Edwards, Town Clerk

STATE OF SOUTH CAROLINA)
COUNTY OF RICHLAND)
IN THE MATTER OF:)
COMPLAINT C2008-112)
State Ethics Commission,)
Complainant;)
vs.)
Lexington County Joint Municipal)
Water and Sewer Commission,)
Respondent.)

BEFORE THE STATE ETHICS COMMISSION

DECISION AND ORDER

Pursuant to Section 8-13-320(10)(i), Code of Laws for South Carolina, 1976, as amended, the State Ethics Commission reviewed the above captioned complaint on May 21, 2008, charging the Respondent, Lexington County Joint Municipal Water and Sewer Commission Members, with violations of 8-13-700 (B), Code of Laws for South Carolina, 1976, as amended.

Present at the meeting were Commission Members Susan P. McWilliams, Chair, Marvin D. Infinger, Vice-Chair, Priscilla L. Tanner, Robert A. Bruce, G. Carlton Manley, E. Kay Biermann Brohl, Philip Florence, Jr and J. B. Holeman. Also present were the Commission's Executive Director, Herbert R. Hayden, Jr., and his immediate staff.

The following allegations were considered:

ALLEGATIONS

On April 22, 2008 the State Ethics Commission filed a complaint against Lexington County Joint Municipal Water and Sewer Commission (LCJMWSC), Lexington, SC. The complaint alleged that, according to information received, the LCJMWSC Commissioners voted themselves a

compensation package in the form of monthly payments of \$100, Christmas bonuses of \$250 and Christmas gifts of varying amounts all in violation of Section 8-13-700 (A).

FINDINGS OF FACT

Having carefully reviewed the evidence presented, the Commission finds as fact:

The LSJMWSC is made up of 11 municipalities. Commissioners are appointed by the governing bodies of its members and are, therefore, "public members" as defined in Section 8-13-100 (26).

The Commissioners of LSJMWSC receive \$100 a month for each of the monthly meetings they attend and an additional \$250 adjustment amount at the end of the year to cover expenses not covered by other payments. This practice was instituted by the former General Manager of LSJMWSC. During the Christmas season the Commission does provide a party for the Commissioners and gift baskets are given to the Commissioners.

5pm
pg. 2
A review of the minutes of meetings of LSJMWSC from 1993 to the present indicates that the above expense payments to the Commissioners were never discussed or voted upon by the Commissioners. There was no evidence presented to indicate that the Commissioners voted to provide expense payments to themselves.

CONCLUSIONS OF LAW

Based upon the foregoing Findings of Fact, the Commission concludes, as a matter of law:

1. The Commissioners of LSJMWSC are "public members" as defined in Section 8-13-100 (26) and are, therefore, within the jurisdiction of the State Ethics Commission.

2. Section 8-13-700 (B) states no public official, public member, or public employee may make, participate in making, or in any way attempt to use his office, membership, or employment to influence a governmental decision in which he, a member of his immediate family, an individual with whom he is associated, or a business with which he is associated has an economic interest.

DECISION

Lacking any evidence to indicate that the Commissioners participated in any action to provide monies to themselves, the Commission finds no violations in this matter. Therefore, based upon evidence presented, the State Ethics Commission has determined that there is not probable cause to indicate that the Respondent, Lexington County Joint Municipal Water and Sewer Commission, violated Section 8-13-700 (B), S.C. Code Ann., 1976, as amended. The Commission has therefore dismissed the charges in accordance with Section 8-13-320(10)(i), Code of Laws for South Carolina, 1976, as amended, and the rules and regulations promulgated thereunder.

IT IS SO ORDERED THIS 6th DAY OF June, 2008.
