Dear Appeals Specialist,

I made several unsuccessful attempts on different days to request a transcript via the online portal that I was asked to use prior to the deadline. I sent an email on August 12, expressing my concerns about the technical issues with my attempts to order the transcript. Even after filling out the online request form as directed, I still received a response directing me to use the faulty online portal. All of these issues caused delays. I have attached documentation of each email.

Shelricka M. Burnside
