Good evening,

Please accept the attached Appellant's Revised Return in Opposition to Respondent's Motion to Dismiss and Request for Leave to Cure Transcript Deficiency for filing in:

Richard Bowman v. Cosima MacLean
South Carolina Court of Appeals
Appellate Case No. 2026-001128

Respondent's Motion to Dismiss was filed today, September 16, 2026. I am submitting this response promptly because the motion concerns the status and scope of transcript requests made while I was represented by former counsel.

Since receiving Respondent's motion, I have obtained additional information from my former counsel concerning the transcript request, and that information is addressed in the attached filing.

I also need to bring an ongoing contact-information problem to the Court's attention. Court correspondence continues to be directed or copied to an incorrect/outdated email address rather than my current email address. The filing confirmation for Respondent's Motion to Dismiss sent today, September 16, 2026, still shows the outdated email address rbfamily@protonmail.com.

Please update the Court's records and appellate docket to reflect my current email address and use it for all future notices, filings, orders, correspondence, and electronic service:

Anwaltselfen@pm.me

Please remove or discontinue use of rbfamily@protonmail.com as my email address for this appeal.

This is particularly important because I am proceeding pro se and need to receive Court communications promptly. There have already been problems with Court correspondence being directed to outdated contact information, and I want to ensure that no additional deadlines, orders, notices, or filings are delayed or missed because they are sent to incorrect contact information.

My current mailing address is:

Richard Bowman
620 Sea Island Rd. #172
St. Simons Island, GA 31522

I respectfully request that the attached opposition be filed in the above-referenced appeal and considered in connection with Respondent's Motion to Dismiss.

I have copied counsel for Respondent on this email.

Please confirm receipt and filing of the attached document and, if possible, confirm that both my email address and mailing address have been corrected in the Court's records.

Thank you for your assistance.

Respectfully,

Richard Bowman
Appellant, Pro Se
