Subject: Record on Appeal - file segments - Smith v. King Asphalt, Appellate Case No. 2025-001327

Clerk of Court:

Re: Smith v. King Asphalt, Inc., Appellate Case No. 2025-001327

On September 7, 2026, I emailed your office the email below, asking how to file the Record on Appeal, because it is too large to send as one file. I did not get a reply, so I called your office on September 9, 2026, and spoke with the answering clerk at (803) 734-1890. I was told to break the Record into smaller files (in .PDF format) that the email and intake portal will accept, and that your office will put the files back together when they are received.

I asked for that in writing and have not received it. As this has become a time sensitive matter, I will file the Record that way, in numbered file segments with the page numbers of each segment in the file name, unless your office tells me otherwise. Thank you

Subject: Questions regarding submission of Record on Appeal - Smith v. King Asphalt, Appellate Case No. 2025-001327

To the Clerk of Court:

I am Michael Smith, appellant pro se in Smith v. King Asphalt, Inc., Appellate Case No. 2025-001327.

I am getting the Record on Appeal ready to file. It is about 1,500 pages and the file is large. I want to make sure I send it the way the Court wants it.

Can you tell me:

1. Can I file the Record by email, or does the Court want it another way for something this size? (I had planned to send to ctappfilings@sccourts.org)
2. How many pages or how big should each part be? (I had planned for <250 pages per segment)
I plan to Bates number all the pages straight through first and then break it into parts. (sending multiple smaller files)
3. How should I name the parts? (I had planned to name with "1 of X" and the Bates span for each)
Example: Record on Appeal - Smith v. King Asphalt, Appellate Case No. 2025-001327 - file segment 1 of X - Bates Numbers X to X
4. Is there a size limit on emails to the Court, and if so what is it?
5. Does the Court also want a USB drive (digital version copy) mailed in?

I will serve the same thing on the attorney for King Asphalt the same day.

Any guidance would be appreciated. Thank you for your help.
