Dear Clerk of the Court of Appeals,

Thank you for taking the time to speak with me on the phone this morning. As requested, I am providing a detailed written explanation regarding the inadvertent creation of a duplicate appellate docket.

I currently have a fully active, perfected appeal pending before this Court: *Mohamad Haisam Kodaimati v. Eric James Adamczyk*, **Appellate Case No. 2026-001982**.

Recently, I sent an email to the transcript division to follow up on the status of my pending order for the August 13, 2026, lower court transcript. I copied the Court of Appeals (ctappfilings@sccourts.org) on that email purely as a courtesy, to keep the Court informed that I was diligently pursuing the transcript for my existing appeal.

It appears the clerk's office misconstrued my courtesy copy of this transcript inquiry as a new "Motion to Reinstate" or a new Notice of Appeal. As a result, the system automatically generated a brand-new, duplicate docket: **Appellate Case No. 2026-002106**.

To clarify the record:

1. I did not file, nor did I intend to file, a new Notice of Appeal or a Motion to Reinstate.
2. The correspondence sent was strictly a status inquiry to the court reporter regarding the transcript for my existing appeal.
3. Appellate Case No. 2026-002106 is a duplicate docket opened in error.

I respectfully request that the Court administratively close, dismiss, or merge Case No. 2026-002106 to clear the docket, and simply associate my transcript request confirmation with my active case, **2026-001982**.

Thank you for your time and your assistance in correcting this clerical matter. Please let me know if you need any additional information.

Respectfully submitted,
