of which ESAB Corporation is the Appellant.

Appellate Case No. 2026-002112

ORDER

This appeal arises out of an order of the circuit court denying Appellant's motion to dismiss for lack of personal jurisdiction. The parties filed memoranda addressing the question of appealability. After careful consideration of the submissions from all parties, the appeal is dismissed. *See Mid-State Distrib., Inc. v. Century Imp., Inc.*, 310 S.C. 330, 426 S.E.2d 777 (1993) (holding the denial of a motion to dismiss based on a lack of personal jurisdiction is not immediately appealable); *Welch v. Advance Auto Parts, Inc.*, 445 S.C. 640, 668, 916 S.E.2d 320, 335 (2025) (noting Appellant's recourse, if it disagreed with the trial court's pretrial personal jurisdiction ruling, would be to raise the issue again at trial). The remittitur will be sent as provided by Rule 221(b), SCACR.
