To the Clerk of the Supreme Court of SC (Evidence "SCSC")
A) relationships

This letter is for the Office of Disciplinary Counsel. I have found 100% proof of new evidence stating the clear facts of substantial errors of procedural misconduct in the client & attorneys (Ms Jennifer Elizabeth Wells & Christopher A. Grubbs). This evidence shows 100% the dates that I (Craig Ninja Antonio Brenton) tried to get Ms. Wells & Mr. Grubbs to file a motion or motions for pretrial motions to suppress evidence with a evidentiary hearing applying the exclusionary rule as fruits of a poisonous tree with a franks hearing also with Brady Violations on dates Nov. 29/2024 - Dec. 3/2026. The supreme Court of South Carolina knew of my concerns that I needed assistance & took no action on this letter by the courts on March/18/25 when I claimed evidence of ineffective counsel with my requests for motions notified by the courts from Mr Brenton seen in evidence (A L). Evidence ^{"PTM"} shows the notarized stamped Spartanburg County (S.C.) Clerk of Court "Amy Cox" on Feb/16/26 of the motion sent & signed by Craig Brenton on Dec./3/26 taking two whole months by the courts to notarize my letter to S.C. courts showing the neglect by S.C. to my situation. Judge Keith B. Kelly denied Mr Brenton's pretrial motion requests not following the policy & procedures of evidence of State & federal dealing with the #17,405 favorable exculpatory old evidence & cellphone that was suppressed from the criminal trial both very important evidence that can't be replaced without BWC evidence of the illegal search & seizure where property was destroyed showing very strong evidence of Brady violations that need sanctions. On Nov. 29/2024 Mr Brenton wrote, mailed, & notarized his pretrial motion to dismiss as a warning to this situation to Ms Wells & Mr Grubbs as both ignored his motion & both got fired for ineffective counsel because of the neglect to the Constitution violations being the main defense in his case seen in evidence "PTM" as proof of the Constitution violations to the lawyers. Evidence "conspiracy" shows a letter to Mr Grubbs & to Ms Wells conspiring to show the lawyers the motions & paper work from the Supreme Court on 2/19/2025. The judge gave them the documents showing them that I needed assistance with the Pretrial motions purposely giving Mr Brenton ineffective counsel as a favor for

Former Sheriff Chuck Wright for the purpose of the misconduct, being that Ms Wells was a prosecutor for Sheriff Wright making Ms Wells ^{major} conflict of interest in my case. Please notarize this letter & evidence "PTM", "PTM", *1), & "conspiracy." File these documents in the Ms Wells case of ineffective counsel against Mr. Brenton. Mr Brenton has had brain trauma & concussions & can't remember the file name or needs the clerk of court to get this to the write position even to the president of the U.S. if possible also filed in Ms. Wells open case as new evidence with 100% proof of the conspiracy to use Excessive Force (ECF) & acts of deliberate indifferent to serious physical harm an injuries with ineffective counsel causing a error of the court denying the PL's filed pretrial motions as a abuse of discretion by the SC courts. Please expedite a oral argument about this situation. I am in a prison with very violent men & I need a speedy release for the facts that I'm here illegally using evidence from former Sheriff Chuck Wright now in federal prison for misconduct in SC Sheriff's office. The courts should notify President Donald Trump to schedule Mr Brenton release with a executive order for expungment of the (Mr. Brenton) record for Pardon for a speedy release now please applying Federal & SC Rules of Evidence 609(a) & 609(e). The evidence was insufficient to establish probable cause that the Def (Mr Brenton) was being arrested at the time of his decision to flee the police unlawful arrest (State v Ridgy Brannon (No. 4428). Fleeing the police officer's demand to stop did not constitute resisting arrest fearing for his life being a African American minority surrounded with white cops. searching for their guns. The judge errored in the probable cause for resisting arrest not being under arrest before he ran not being the person on the arrest warrant to challenge his current conviction (The State v Burton (no 25745). The trial's court's error in admitting evidence of search & seizure was preserved for appeal with evidence "PTM" & "PTM" as real proof of the request to suppress evidence on constitutional grounds with a objection on the record to Judge Kelly.

The PL also has required surgery from having his wisdom tooth punched out by Deputy Apple causing irreparable harm with injuries that required surgery to stop the pain from the SCo. Sheriff's assaults from excessive force. Mr Brenton received surgery on 2/22/23 on his right shoulder & oral surgery on 9/24/26 both same injuries to Mr Brenton requiring the courts to hold preliminary emergency injunction relief with a evidentiary hearing to suppress the evidence to overturn Mr Brenton's current illegal & unlawful conviction following policy & procedures of SC & federal laws. Mr Brenton needs the Supreme Court of South Carolina to uphold the U.S. Constitution & expeditiously for Donald Trump (President) a request for a executive order for release with a executive expungment of Mr Brenton's record Before Oct 24 2026 as soon as possible to make america great again. Please forward this letter & evidence to the Appellant Defense so that I can meet the counsel. Please also release the PL with money to help fix the situation until the proceeds start proceeding in his injunction at Preliminary hearing.

Please release Mr Brenton with a executive order of expungment of his record by pardon & release by President Donald Trump! God speed God Bless.

The PL (Mr Brenton & Plaintiff) has claims of his procedural due process of the 14th amend. of the U.S. Constitution that was violated not giving the PL pretrial hearing in both cases

needed to be filed in District Court cases (0:25-cv-01073-RMG & 8:26-cv-01213-RMG). Ms Wells ignored

the PL's requests for pretrial motions for suppression of the illegally obtained evidence that caused Spartanburg County's violation of the PL's procedural due process rights that was violated denying the PL's pretrial motions requested without a hearing outside of presence of the jury as a abuse of discretion & error of the law by the courts.

Craig Ninja Antonio Brewton	Motion to: Dismiss all charges

I am asking the court to dismiss all charges because there has been a violation of my civil rights. There has been a violation of my 14th amendment, 8th amendment and my 4th amendment. These violations include pretrial punishment, Excessive force, search and seizures, and Cruel and unusual corp. punishment. I have been harassed and bullied while on bond and also in jail. I need all evidence suppressed because of fruits of a poisoned tree. I need a hospital visit because I am sick.

The State of South Carolina Motion to suppress all evidence from
 a poisonous tree doctrine Case no.
 Craig Ninja Antonio Brewton 22090924 Arrest Warrants 2022A42
 5673

This is a third motion to suppress exclusionary rule
 all evidence found on 9/19/22 during
 an illegal search & seizure with excessive force. Deputy Matthew Smith un-
 blocked in a car driven by the Plaintiff (PL), seizing the (PL) & the car at that
 moment. The sheriff officers had an arrest warrant for Marcus David Ross Bar
 Mr. Barlow was never on the scene making the search invalid, unlawful, & mak-
 Christopher Rojas police report an act of perjury lying about Mr Barlow being on
 scene fleeing. The officers also confiscated legal money from a combination co-
 bag (safe) & safe with two handguns not producing all of the funds into evide-
 leaving out \$7,000 (\$17,405) & destroying key exculpatory evidence (cellphone) wit-
 body camera being on for footage & without a present supervisor to supervise the
 illegal acts of misconduct. The state has conspired to cover up the victim's
 injuries along with excessive force (E/F) by placing the victim in jail in a cell
 without proper medical. The victim sustained serious physical injuries at 11:06a
 9/14/22 & the search warrant was issued without probable cause after the inju-
 to cover up the acts at 11:53a.m. on 9/19/22. I have never called 141 Teeana
 Drive my home, I have never told the police that the residence is mine to put o
 my information as my place of residence, I was not in physical possession of any
 drugs, the residence (Teeanna) is Mr Barlow's home. I was not seen placing
 anything in the house, & I was not there for any drug transaction. The
 State destroyed potentially exculpatory evidence in bad faith violating my due
 process rights, & a Brady violation by Christopher Rojas destroying a cell phone.

Evidence "PTM" 2

The state maintained exclusive control over the evidence in which is useful evidence of purchase of gun receipts, stimulus refund receipt tax refund receipts, & transactions of proof of revenue from babysitting cutting grass, & cutting trees. The smell of hemp/cannabis is not probable cause with a closed door & without exigent circumstances. Judge Mark Hay wrote a letter to both my private attorney & public defender to inform lawyers not to represent me showing bias & prejudice causing a breakdown in client (criminal def) & defense counsel. When the government deliberately interferes with the confidential relationship between a criminal def & defense counsel violates 6th amendment right counsel prejudices the criminal def. The judges acts caused the criminal def fire both lawyers with the breakdown in the relationship leaving the def. Pro Any statement derived from the ^{illegal} unlawful search & seizure should be suppressed (State v Luna with a Franks Hearing (Franks v Delaware) because of fruits of a poisonous tree. Due to outrageous government misconduct with Sheriff Chuck Wright being sentenced, this is apples from the tree of his misconduct. This is an extraordinary circumstance with me being seriously physically injured that can be solved by dismissing the indictment that has the probable cause tickets dismissed & also violates the warrant clause by misspelling Mr. Brent's first Name (Craig) also making the warrant invalid. I have been injured & harassed more in jail & outside of jail on bond showing a clear violation of my rights that allows me to be immediately released. Due to first & special violations also I should be released.

Duly sworn I'm competent to stand trial, be a witness, or testify. I state the following that I have witnessed & am a witness to the past events: (CB) I both are having problems getting a notary to see & sign our legal work. I saw CB laying on the ground in pain needing medical & LT Mitchell put CB in handcuffs said he was taking him to medical then made CB go back to his room in cuffs. We all are being fed trays of food on the ground like dogs with no recreation. April 15th 2026 is/was the first day that we have been fed food thru the food flap. CB told LT Mitchell that he had surgery on his dislocated shoulder & the LT said "aint nothing wrong with you we aint gone do this today now get yo ass back in your room. 5) I have heard CB request & write multiple requests to go to the law library to make copies of his appeal for his conviction. CB has 10 days to file an appeal 7 days have been wasted requesting copies, notaries, & the law library. CB asked the LT to cuff the handcuffs on the front but the LT didn't causing CB pain saying he is not going to help him now. 6) I do not get to come out 1 hour a day. I'm on 24 hr lockdown. I saw CB mail off an appeal letter to Spartanburg County Clerk of court April 6/26 after lunch sent from his room by Sgt McDowell. I also saw the mail sent to the supreme court & Columbia State appeals court on 4/7/26 8) 4/3/26 I saw CB injured outside the shower & 4/13/26 9) 5/22/26 LT or Sgt Thomas used excessive force on me when I asked to see a Captain or Warden to speak for injuring my wrist & hurting my arms bending my arms & breaking the skin on my wrist with swollen wrists. I told him I'm injured an had surgery, to move the cuffs to the front. I was crying in pain my elbow hurts very bad. Both sides of my wrists was bleeding. Black mold is in room C1A-28 with bugs.

SUPPLEMENTAL REPORT:

On 10/4/2022, while attempting to remove the battery from a black and brown Motorola cellphone, belonging to Craig Brewton, in order to obtain the IMEI number for a search warrant. During the process, the lithium battery was punctured and exposed. This created a small fire and once the fire was put out the cellphone was completely damaged.

Narrative

On 09/19/2022, Deputy Smith and I (Deputy Clark) responded to 141 TEEANNA DR, SPARTANBURG COUNTY, SOUTH CAROLINA, to assist SCDC Officers on a warrant service for Mr. Marcus Barlow (NIC # W080387033).

Upon arrival, I observed the front door of the residence to be open, and while walking to the rear of the residence a individual exited the front door of the residence and shut the door of the residence while speaking with Deputy Smith and the SCDC Officers. The individual speaking to the other deputy and officers was identified as Mr. Craig Brewton; once Deputy Smith exited his vehicle and asked for me to detain Mr. Brewton, he fled the scene. Deputy Smith pursued the male away from the residence, as I gave the information to dispatch. Due to the suspect (Barlow) possibly in the residence, I stayed to keep the residence secured, while SCDC officer attempted to catch up with Deputy Smith. Before Mr. Brewton fled the scene, I was able to hear movement within the residence, and I was also able to smell the odor of raw marijuana coming from within the residence. Once Mr. Brewton was captured, I notified Narcotic Deputies of what I was able to hear and smell from within the residence, as well as having the suspect vehicle (TUV218) in the front yard, and they responded to the scene with a search warrant and there took over the investigation.

BWC was not activate due to operator error.

SUPPLEMENTAL REPORT:

On 9/19/2022, deputies from the Warrant Office contacted the Spartanburg County Narcotics Unit in reference to obtaining a search warrant. They advised they attempted a warrant service where the suspect, Marcus Barlow, fled the scene and another subject, Craig Brewton, was detained. Deputies advised they could detect a strong odor of marijuana coming from the residence.

Investigators obtained a search warrant. Investigators responded to 141 Teeanna Dr. in Spartanburg County to execute the search warrant. A search of the residence yielded the following items:

- 1) Zip lock bag containing green plant material - Kitchen
- 2) Mason Jar containing baggies with green plant material - Kitchen
- 3) Taurus G2 SER: TKY81534 - Hallway Bathroom
- 4) 1 Benefiber container containing nine plastic bags each containing white powder substance, 1 mason jar containing green plant material, 1 Zip lock bag containing green plant material, 3 "Gas God" THC wax packages - Kitchen in green bag
- 5) Quantity of U.S. currency in black bag - Living Room
- 6) Black gun box containing magazines and ammo - Kitchen
- 7) Taurus .45 SER: NGP67828 - Living Room in SentrySafe
- 8) Clear baggie containing green plant material - Kitchen Table
- 9) 2 Cellphones - Kitchen Table
- 10) "Gas God" THC wax package - Far Right Bedroom

The above listed items were taken into custody by Investigator C. Rojas and turned into Evidence at the Spartanburg County Sheriff's Office, 8045 Howard St, Spartanburg, SC 29303.

The green plant material along with the THC wax had a field weight of approximately of 502.5 grams.

The white powder substance had a field weight of approximately of 261.5 grams.

The property owner, former deputy Roosevelt Young, advised he rents to Marcus Barlow who also resides with Craig Brewton. Probable cause exists to charge both of them for Poss. w/ intent to distribute marijuana. The white powder was placed into evidence for further testing. Once results come back, warrants will be sought.

The total amount of U.S. Currency seized is \$10,405.00.

I presented the facts to Judge Bagwell who issued the following warrants:

- 2022A4210205674 - PWID Marijuana (Marcus Barlow)
- 2022A4210205673 - PWID Marijuana (Craig Brewton)

SUPPLEMENTAL REPORT:

On 9/19/22 I responded to 141 Teeanna Dr in Spartanburg County in reference to a warrant service. I was with Deputy Clark and two officers with South Carolina Department of Corrections. The SCDC officers had a warrant in hand for Marcus Barlow for introducing contraband into a prison. I was advised that the contraband he assisted with getting into the prison was a large quantity of meth. A vandalism report from 8/25/22 showed that Marcus was living at a trailer at 141 Teeanna Dr.

Upon our arrival I saw a blue Chrysler 200 (SC tag TUV 218) parked in front of the house that was registered to Marcus Barlow. The front door was initially standing open when we pulled up. A black male, later identified as Craig Ninja Brewton, quickly came out and shut the front door behind him. Craig appeared to be overly nervous and would not identify himself at first. The strong odor of marijuana was present in front of the house and Craig's eyes were glassy and bloodshot. Craig also admitted to me that he had just finished smoking marijuana. Deputy Clark advised he also smelled marijuana on the other side of the trailer and heard more movement in the house even though Craig stated nobody was home. Craig said that he had just taken Marcus to work at Home Depot in Greenville. I made several attempts to get someone to come to the door but they would not. At this point I had probable cause to obtain a search warrant and I told Craig he was not free to leave the scene.

I advised Lt Longshore of my findings and told him that I would be contacting narcotics investigators to obtain a search warrant on the house due to the smell of marijuana emanating from it. Since we were obtaining a search warrant for the residence I decided to place Craig in investigative detention. This was in part due to his nervous behavior and the fact he kept reaching in his pockets. The moment we told him he was being detained he took off on foot and I gave pursuit.

Craig ran across Old Anderson Mill Rd through a patch of woods and then completely crossed over I-26 almost causing a collision. Once I caught back up with Craig on the other side of the highway I gave verbal commands for him to get on the ground. I knew that I would be arresting Craig for pedestrian in the roadway since he had ran into the highway almost causing wrecks. As I followed him on foot he kept backing away from me ignoring my verbal commands. He then stopped took a fighting stance and advanced toward me for a couple of steps. I then drew my taser due to his large muscular size and the fact that he was showing signs of active aggression towards me. I chose not to immediately deploy the taser due to his close proximity of the fog line. I feared Craig may fall into the highway and get struck by the heavy amount of traffic that was coming by us.

Craig then looked over his shoulder and waited until traffic was almost to him and ran into the highway again. His reckless actions almost caused numerous wrecks that would have most likely been fatal to him or others. Once he got back out of the roadway I knew that I had to stop his actions before someone got seriously hurt or killed. Once he was far enough from the highway I discharged my taser at Craig as he faced me. He fell to the ground but broke the wire to the lead before I could go hands on with him. This occurred after the first five second cycle and interrupting the neuromuscular incapacitation that had caused him to fall to the ground. I attempted to drive stun him in the shoulder to get a completed circuit with the taser again but he brushed it away and began to kick at me.

Prosecutors also argued: "The law applies equally to all, and Wright should be fed from the same spoon as those without his background."

Impact of crimes

Wright used the Spartanburg County Sheriff's Office's Benevolence Fund as if it were his own account, stealing more than \$89,000 in cash from the fund between 2018 and when he resigned in 2025.

Prosecutors said deputies facing hardship were told there was no money in the fund, including a deputy whose wife was battling stage-four cancer and a deputy who had a tree fall on their home.

Wright's cousin, L.B. Watson, and former sheriff's office chaplain Amos Durham both pleaded guilty to conspiracy to commit wire fraud and are set to be sentenced Thursday.

Watson collected just shy of \$350,000 in paychecks over the years he was technically a county employee but never actually did any work.

A victim impact statement filed in federal court says Spartanburg County suffered financial losses, impaired capacity and a breach of public trust tied to ex-sheriff Chuck Wright and two co-defendants. The county is seeking \$1.31 million in restitution.

After pleading guilty in October, Wright issued a statement through his attorney Trey Gowdy that read in part:

"Today, I pleaded guilty in federal court because I am guilty. Not only did I violate the law, but I also broke the sacred trust the people of Spartanburg County placed in me. I do not have the words to adequately convey my remorse, my apologies, and my regret."

Chuck Wright's background

Wright served as the Spartanburg County sheriff from 2004 to 2025. He is a native of Spartanburg County's Startex community and became a deputy in 1986.

Wright's largest case was the arrest of serial killer Todd Kohlhepp in 2016. Deputies swarmed a 100-acre property near Woodruff where they found a missing woman chained up in a shipping container and multiple bodies buried on the property. The case put Wright in the national spotlight.

REASON FOR AFFIANT'S BELIEF THAT THE PROPERTY
SOUGHT IS ON THE SUBJECT PREMISES

09/19/2022

Your Affiant, Investigator J. Gilstrap, swears and deposes that;

I am employed as an Investigator with the Spartanburg County Sheriff's Office and assigned to the Narcotics Division. I have been employed as a law enforcement officer for 17 years and have been specifically investigating narcotic related cases since June of 2015. I received my Basic Law Enforcement Certification at the South Carolina Law Enforcement Academy in Columbia, SC, graduating in June of 2006. Since then, I have attended multiple classes and seminars and have received multiple certifications in areas dealing with the enforcement of the South Carolina Controlled Substances Act (SCCSA), which included courses conducted at the SC criminal justice academy and other locations across the state. I have supervised or participated in hundreds of controlled narcotic buys, arrests, reversals, and undercover operations.

I further state there is probable cause to search 141 Teeanna Drive Moore, SC for illegal narcotics, specifically marijuana, based on the following facts:

On 09/19/2022 Investigators with the Spartanburg County Sheriff's Office Warrant Division and the South Carolina Department of Corrections went to 141 Teeanna Drive to serve an arrest warrant on Marcus Barlow (DOB [REDACTED]) for providing contraband to SCDC inmates. Upon arrival to the residence they knocked on the door which was answered by a resident, Craig Brewton. Investigators identified themselves and Brewton shut the door of the residence and then fled the scene but was detained a short distance away by perimeter units. When Brewton initially opened the door of the residence Deputy Clark observed the odor of Marijuana coming from inside the residence.

I further state probable cause exists, based on the above facts, that illegal narcotics/drugs, specifically marijuana, will be located inside the residence of 141 Teeanna Drive in the Moore community of Spartanburg County, SC and I ask the Honorable Magistrate of Spartanburg County to grant this search warrant.

SUBJECTIVE

Chief complaint:[DK 1T]
Neck Pain[DK 2T]

History provided by:
Pa[DK 1T][DK 3M]ient

HPI:

The patient is a[DK 1T] 37 y.o. male[DK 2T] with[DK 1T] relatively benign medical history for chronic problems who presents with neck pain[DK 1M]. Patient states he has been arrested numerous times during which there were physical altercations and he sustained some injuries to his neck and extremity. These arrest occurred earlier in the 2020s. He reports that he has been incarcerated since 2024 when he was last arrested. He used to use a neck brace for comfort at night, but it was taken away from him in jail and he is here specifically requesting a replacement neck brace due to chronic left-sided neck pain. Additionally he notes that one of his left lower molars has been aching for 6 months. He denies facial swelling, drainage, fevers.[DK 3M]

OBJECTIVE[DK 1T]

Visit Vitals

BP (!) 121/84
Pulse 101
Temp 98.2 °F (36.8 °C) (Tympanic)
Resp 19
SpO2 96%[DK 2T]

General: Awake with normal alertness. Attentive to my conversation and examination. Non-distressed.[DK 1T]

Head[DK 3M][DK 1T] Reasonably good dentition. The left maxillary third molar shows evidence of dental caries and is somewhat tender with percussion, likely chronically fractured. There is no adjacent fluid collection or expressible drainage. The floor the mouth is soft. Posterior oropharynx is clear with a midline uvula. There is no trismus. He has a normal contour of the face[DK 3M]

Back:[DK 1T] Patient has no skull base or midline spinal tenderness. He is mildly tender in the left paracervical musculature with no soft tissue abnormality there. There is a negative Spurling test bilaterally. Confrontation strength testing of shoulder elbow and wrist is normal in flexion extension.[DK 3M]

ASSESSMENT AND PLAN

The patient is a[DK 1T] 37 y.o. male[DK 2T] who presents with[DK 1T] several years of left-sided neck pain, requesting a neck brace to have while he is in jail as it was recently taken away from him. He also Dors is 6 months of a left-sided toothache without fevers or facial swelling. His vital signs are elevated blood pressure and a mild tachycardia which is downtrending on my examination. He appears nontoxic on examination.

Overall presentation is consistent with a paracervical strain. I recommended against cervical immobilization as I believe a collar would be compressing the area where he is having discomfort. I did say he could try a soft collar.

In the United States District Court for the District of South Carolina
This is a ^{letter} pursuant to case # 8:26-cv-03070-RMG-WSB & case # 8:26-cv-03071-RMG-WSB & I hope that I filled out the two forms for G-1 & 10-1. I think that both cases are the same facts for the cases as that I filled them out properly & if I didn't fill them out properly could you send me another form to fill out if I didn't. I'm having a very hard ^{time} from injuries, shaking, brain trauma from being tazed many times, & beat on. It is hard to remember things dealing with this case, could you please get the Clerk of Court (Carroll A Campbell) to send me the memorandum complaint for the case that I wrote dealing with these cases so that I can know what is up for discussion as the arguments in the cases. I have been punched on by Deputies of the State & tazed a lot of times by Deputies of the State left with concussions & I really need to be appointed counsel if you can't send the complaint that I can't remember because of blunt force trauma to my brain. There is injustice & a abuse of discretion in the criminal conviction that was sentenced to the (PL) Plaintiff in Spartanburg County Court of General Sessions causing a error of law denying the PL a evidentiary hearing being a pretrial entitled motion filed for suppression of the evidence as fruits of a poisonous tree filed on 2/16/26, also with Brady violations in the motion, & using the exclusionary rule that the PL was entitled to violative of the PL's 4th & 14th amendments injuring the PL late before the search warrant was signed making his current conviction & sentence illegal & unlawful. The PL needs to move this court to have a entitled evidentiary hearing for suppression of the evidence with a Franks hearing to see if the PL's rights is being violated & to see if the PL's sentence & current conviction is unlawful & illegal. This is a request for a executive pardon & a presidential pardon for release with emergency surgery on the PL's punched out wisdom tooth that is needed & required leaving the PL with a infection in his mouth. I need this letter seen by President Donald Trump & I'm requesting a presidential/executive pardon with this letter signed for a pardon for emergency release from prison & the States custody or placed in federal custody with money to eat, also for hygiene, & medical supplies for the PL injuries while in custody for the remainder of the custody.
