RE: SL Fiveforks, LLC v. Countybank
Appellate Case No. 2026-000230

Dear Ms. Kitchings:

Please be advised that the transcript in the above-referenced matter is still under production. An initial transcript was received on August 24, 2024; however, portions of the transcript were missing or inaudible due to apparent technical issues. Subsequently, on September 24, 2026, the assigned court reporter advised that additional audio files for the trial of the civil case were discovered and, therefore, a revised transcript will be provided. Electronic communications with court reporter are enclosed for reference.

We apologize for the delay in providing an update to the court and kindly request additional time to finalize the transcript process in this appeal.

Sincerely,

Hannah Rogers Metcalfe

Hannah,

Additional audio files for this trial were discovered on September 16th. These five audio files are listed below:

- 714483 is corrupted.
- 714484 appears to begin with the Judge explaining to the jury that you will do the principle closing arguments followed by closing arguments from Mr. Hawkins on defendants and 3rd party, and a reply argument from you ending with jury being send to deliberate.
- 714485 is corrupted
- 714486 and 714487 are the verdict.

We have put audio files 714484, 714486, and 714487 into production and will have a revised transcript by the end of next week. We will get you and Jay copies as soon as it is completed.

If you have any questions, please let us know. Thank you.
