Good afternoon,

I am writing in response to the South Carolina Court of Appeals' October 9, 2026 order granting my Motion for Permission to Order Transcript Out of Time Pursuant to Rules 207 and 263, SCACR. Please see the attached copy of the Court's order for reference.

I acknowledge the Court's directive requiring me to order the transcript and provide a status update within ten days of the order.

I respectfully request that this correspondence reflect, for the record, the chronology of my continued efforts to obtain the transcript of the June 2, 2026 Circuit Court hearing before the Honorable Christopher Taylor.

For clarity, my efforts include the following:

1. September 23, 2026: I attempted to reach the appropriate individual by telephone regarding the transcript. After being advised that the individual handling the matter was unavailable, I was directed to the general transcript email address, [transcripts@sccourts.org](mailto:transcripts@sccourts.org). I submitted a written inquiry that day requesting assistance with the transcript-ordering process.
2. September 25, 2026: Having received no response to my September 23 correspondence, I submitted a follow-up email requesting instructions regarding the transcript, including the estimated cost and necessary payment arrangements.
3. October 8, 2026: I submitted a third written request, again identifying the case, appellate case number, hearing date, presiding judge, and county. I specifically requested confirmation of my previous correspondence, instructions for completing the transcript order, the estimated cost, and identification of the appropriate individual responsible for processing the request.

Despite these documented efforts, I have not received a response identifying the specific procedure, required payment arrangements, or appropriate individual with whom I can finalize the transcript order.

I respectfully emphasize that I have not remained inactive or disregarded the transcript-ordering requirement. I have made repeated written inquiries, attempted telephone contact, and continued following up to obtain the information necessary to comply. My efforts to arrange the transcript began before the Court granted my motion.

I fully recognize my responsibility to comply with the Court's October 9 order. My concern is that, notwithstanding my continued efforts, I have not yet received the information necessary to complete the ordering process.

Accordingly, I respectfully request guidance identifying the appropriate individual or office through which I may promptly finalize the transcript request, including any required forms, payment arrangements, or alternative procedures available when prior inquiries have not received a response.

I am prepared to complete the necessary arrangements promptly and remain committed to complying with the Court's directive within the prescribed period.

I respectfully request that this correspondence be associated with Appellate Case No. 2026-001736 so that the record accurately reflects my efforts to comply with the Court's directive, the dates of my prior inquiries, and the outstanding information necessary to complete the transcript order.

I provide this chronology not to dispute the Court's order or my responsibility to comply with it, but to document the steps I have taken and to request assistance in completing the required procedure.

Thank you for your time and consideration.

Respectfully,

George Moses, III
