Dear S C Court of Appeals Clerk/Emily,

We are writing to request correction of the October 14, 2026 docket attachments in our consolidated appeals, with Appeal No. 2025-001299 as the lead case and Appeal No. 2026-001187 as the consolidated case.

When we reviewed the docket this morning, October 16, we found the following discrepancies:

1. The entry labeled "Initial Brief of Appellant" opens a Designation of Matter instead of our initial brief. The brief was accessible yesterday but is no longer accessible under that entry.
2. The entry labeled "Designation of Matter" opens our Motion to Exceed the Page Limit instead of the designation.
3. The entry labeled "Motion to Exceed the Page Limit" correctly opens that motion.

Please restore the initial brief to its proper entry and attach the correct Designation of Matter to its corresponding entry. Please also verify that all documents submitted on October 14 are accessible under the correct docket descriptions.

Please confirm when these are corrected.

Thank you for your assistance.
