Hello. I did file in the small courts. You are asking me to amend the my filling and add every defendant. Do i have to resend all this information to the lower court too? Also, the Sheriff department of Georgetown said they try to served the defendant attorney 3 times but it is an empty building. I also sent my application for court reports records but no answer yet. Is there a simple way to send my information or do i have to keep driving from Atlanta to file?
