S.C. SUPREME COURT

Dear, Supreme Court

Hi I am writing you because I want to inform you of somethings. I was recently trans Per from Lieber Correctional Institution on June 15, 2026. I was originally suppose to go to the Pre Work Release at Palmer but some how they made a mistake and ship me to Evans Correctional Institution. Now I know I was suppose to go to Palmer was because before I left Lieber the intel guy name Dunemyers told me that if I get in a fight they was gone kick me out the program. Plus the security guard Mr. Lewis who transport me to the bus terminal asked me where I was from. I told Florence. His response to me was aw man the did you a favor. They put you right in your home town. When it all said and done you can walk home all depends on way you stay at in Florence. Then he said you know what that mean then. I said what? It's

said it will be no more cuffs for you. Plus at the bus terminal they call my name for Palmer. But when we arrive at Palmer's many inmates had got off the bus. It was suppose to be three but instead four had got off. Me doing the right thing and trying to help the lady out. I told her to recheck your list to make sure every body is where they suppose to be. By me doing that she automatically assume I wasn't suppose to be there so she made me get back on the bus. I told her I was suppose to be there and that call my name for Palmer but she just ignore me. So when we got to Evans the white man that help transfer the inmates with Ms. Betha also told me that I better say something before I get to the back and the door close. Well I did tell every one once I get to the back but they all ignore me. They told me they was gone look into it but

didn't do anything to verify it until recently.
I told them the check the cameras and they
did and saw I was telling the truth. But now
when Palmer comes to get me at talk me
they want tell me or come get me. Instead
they just send somebody else in my place
pretending that is me. They steal and block
certain legal mail from me. I was suppose
to go home in July. Plus with a recent
PCR situation the sent me letters one
denying my PCR and another one saying
it was dismiss. Also I get a contract for
a sign to be a musicianist they are
with holding from me. At this point I don't
know what to do I am being literally
kidnap by the system. This double
jeopardy. Plus the are stealing all my things.
I was telling you about that came with me.
Can you please look into this and help me. Also

my name wasn't on the list to be here. What I mean by that on there physical roster when the do count or anything. They want an add me to the list. They was denying me canteen and the law library because my name wasn't on there list. I had to write my name on a paper, Dorm, room number and ID number just to get canteen. But now they physical went and added me so people could stop saying that. Also they recieved a letter saying I got to leave but yet they still holding me. They are tampering with mail and taking important letters from me to keep me here.
