

The South Carolina Court of Appeals

Anthony Sanders, Petitioner,

v.

State of South Carolina, Respondent.

Appellate Case No. 2023-001544

ORDER

This matter is before the court on a petition for a writ of certiorari. Based on the vote of the panel, the petition for a writ of certiorari is granted as to Questions One and Two. We further direct the parties to brief the following issues:

Did the second post-conviction relief (PCR) court, in its October 17, 2018, order exceed our supreme court's limited remand "for an evidentiary hearing on the narrow issue of whether Petitioner received ineffective assistance of counsel in being advised to enter into the [Contractual Consent Order to Waive Rights to a Jury Trial]?"

If the second PCR court exceeded the scope of our supreme court's limited remand, did the third PCR court have jurisdiction to hear and rule on Petitioner's application for PCR in its September 7, 2023 order, and if the third PCR court did not have jurisdiction, what relief should this court grant?

The parties shall proceed to serve and file the appendix and briefs as provided by Rule 243(j), SCACR.
