**RE: State of South Carolina v. Abdullah M. Holmes**  
Warrant No.: I-665618 CSC w/Minor(<16 yoa) 2nd

Dear Mr. Holmes:

I am not sure what you are talking about with this subpoena for DNA or the "copy of the papers that you signed." Please help me understand what you are asking for. I do not have any documents other than what I have already given you in discovery. The Solicitor agrees that the DNA request was not proper and has informed me that the sample was not tested and is not going to be used in any way in your case. Therefore, that is a non-issue that we do not need to spend time on.
