Blue Ridge Electrical Coop vs. K. Gresham

Dear Judge Cureton,

As written to you on 30 January seeking an extension to reformulate my brief in the above matter, I am told I did not include a mandatory fee of \$25.00. I have met all previous deadlines but am struggling with this one as I wrote you for I am out of town for medical/surgical procedures, prior scheduled and in a town (Charleston), which was shut down for about 3 days for icy conditions. Even though I have had surgery, I am rushing to comply and reformat as you direct and to enclose the money required for my request. A cashier's check for \$25.00 is enclosed. I have sought assistance to help me reformulate as you direct and we are moving as expeditiously as able in my current medical recovery for this jury trial matter tried in August of 2009, wherein both our positions prevailed.

Thank you for your courtesies.

Sincerely,

Kathleen Jennings, pro se
