complains and the official sued. See *Kentucky v. Graham*, 473 U.S. 159 (1985); *Wolf-Lillie v. Sonquist*, 699 F.2d 864, 869 (7th Cir.1983).

* It is well settled that only "persons" may act under color of state law; therefore, a proper defendant in a § 1983 action must qualify as a "person." For example, several courts have held that inanimate objects such as buildings, facilities, and grounds do not act under color of state law. See *Preval v. Reno*, 57 F. Supp. 2d 307, 310 (E.D. Va. 1999) ("[T]he Piedmont Regional Jail is not a 'person,' and therefore not amenable to suit under 42 U.S.C. § 1983."); *Brooks v. Pembroke City Jail*, 722 F. Supp. 1294, 1301 (E.D.N.C. 1989) ("Claims under § 1983 are directed at 'persons' and the jail is not a person amenable to suit."). Also, use of the collective term "staff" or the equivalent as a name for alleged defendants, without the naming of specific staff members, is not adequate to state a claim against a "person" as required in section 1983 actions. See *Barnes v. Baskerville Corr. Cen. Med. Staff*, No. 3:07CV195, 2008 WL 2564779 (E.D. Va. June 25, 2008). Plaintiff's Complaint is frivolous and subject to summary dismissal for failure to state a claim upon which relief can be granted because his named "Defendant" is not a "person." The term "SC Bar Head Person of Establishment" is similar to the collective term "staff" in that it does not identify any specific person who may or may not be liable under § 1983.

* Furthermore, even if the court could liberally construe Plaintiff's use of the terminology "SC Bar Head Person of Establishment" as sufficient to name a "person" (such as an officer or director of the S.C. Bar Association), the Complaint would still be frivolous and subject to summary dismissal because the S.C. Bar Association is not part of the State of South Carolina and its officers and employees are not state actors. See *Lawline v. American Bar Ass'n*, 738 F. Supp. 288, 294-95 (N.D. Ill. 1990); *Murphy v. Maine*, No. 06-062-ML, 2007 WL 2428816, *2 (D.R.I. Aug. 22, 2007). Purely private conduct such as that alleged in this case, no matter how wrongful, injurious, fraudulent, or discriminatory, is not actionable under 42

Dear Mr. Cabbagestalk:

I am in receipt of your (letter dated December 15, 2013.) I have tried to explain the matters discussed therein to you to the best of my ability. I simply have no other words to discuss the issues. Your letter refers to Congress – you were tried by the state; therefore, there is no role for Congress. I will not interfere with you and SCDC. That is between you and the institution. I sent the transcript to you – that is all I can do.

* The only "laws" that these social compacts can create are those that "allow commerce to flow more efficiently within their social compact." The only "law" the so-called agency central government, known as the United States of America, could create was to "allow commerce to flow more efficiently between the (social compact parties) known as states." It was never intended to regulate the sovereign people of earth who created the social compact - ~~the~~ true sovereigns exercising their political rights which are superior to all civil rights of the common citizens.

* 1944 Buck Act the states became essentially, 14th Amendment citizens as well, this put the states under the jurisdiction of Washington, D.C. (States lost there sovereignty) (key) (the 1944 Buck Act)

Dear Mr. Cabbagestalk:

I am in receipt of your letter dated December 27, 2013. As I have explained previously, I will provide you with copies of all transcripts when I send the appendix and petition for writ of certiorari to you. I will provide those to you when I provide them to the Court.

I will review the appendix and file the petition setting the issues that have merit, if any.

Your letter states "You did lie to me." I have never lied to you. Your letter asks me to get off your case. (I have no basis to seek removal.) If you have a basis to seek my removal, you may ask the Court to remove me.

I'm contacting you in regards to this appeal that your refusing to give me the (September 12th 2011) transcript for which was a part of my PCR, You know I give thanks to my GOD JAH RASTAFARI cause all things are possible, I truly See why you act the way you act Now. #1 this is why you Interpret Missouri v. Frye, and Katler v. Cooper the way you do cause of (Senate Bill 94-204, and Senate Bill 94-381) this allows you Esquires and Judges to "Construe and Construct", Congress took away any control of the court system in "1976" Now the Uniform Commercial Code which you've taken several classes on was adopted 1964 this was made supreme law of the land. Because of the Senate Bills above you misrepresent what I said on (May 31st 2007) transcript the Judge told me go throw Mr. Manning to get (the plea deal) which I'm not entitled (But was offered to me by (Mr. Leonard Redmond) the solicitor, and the original 13th Amendment of (1812) or (1819) prohibited (Esquires and Judges, as well congress to establish a national Bank as well Corporations), Now since (1860-1861) The Southern states (representatives of the signatories of the social compact (walked out) of Congress this created (Sine die) better stated (see-na-dee-a) when Abraham Lincoln was president the south walked out and declared their states rights pursuant to the social compact known as (the U.S. Constitution) slavery was just a window it had nothing to do with slavery, it was a drumming for war the civil war it was about the states (The right of the living present posterity of the original signatories to the social compact to alter (or) abolish the forms of government which their fathers established for themselves and their posterity) The south wanted to be redeemed from the crown in England the north wanted to remain under their dominion and their debt. This ended the side of the bifurcated constitution as far as the Republican form of government was the private side, the (Democracy) the remaining MOB of illegitimate members of the congressional body of agents who had breached the organic social compact known as the U.S. Constitution which the beneficiaries of the original signatories of the trust so established for their posterity) foisted upon them under the rule of the fiscal agents of the crown bankers. Congress ceased to exist when it became (Sine die) (see-na-dee-a) (without day) ceased to exist as a lawful body thus the only lawful constitutional power that could declare war was no longer known off in session. on April 15th 1861 president Abraham Lincoln executed an executive order as Commander-in-Chief (proclamation 1) (United States) of America been ruled ever since by these same (military executive powers denoted as Executive Orders, when a supposed to be (Congress did re-convene they was under military authority of Commander-in-Chief (Not) by Rules of Order of Parliamentary Bodies or so called (contractual constitutional law) (placing every one under (MARTIAL LAW) Rule since the (National Emergency) declared by President Lincoln the

→ States of America has subsequently ceased temporarily being the acknowledged law of the land in many courts. TO make a long story of true history shorter once martial law is uplifted all laws, rules, regulations created or promulgated during the hostilities are Null and VOID and the parties Return to the status Quo before such hostilities broke out between the parties, But the Constitution wasn't even in effect following (Sine die) (see-na-dee-a) and the proclamation of martial law. Do to National Emergency Never uplifted or pro claimed to be over leaving the military construct known as the United States in power still under martial law by and through Executive orders of commander-in-chief caused on necessity by (Sine die). All the laws are illegal and illegitimate all Acts By these people toward me is TRBASON and against the people all statutes and codes and cases or what so ever is No good Especially in the South they walked out on Congress (1860-61) they wanted No dealings with (the Crown of England) (see 7 Corpus Juris s.e.cundum 9: 20 View of the decision that the creation of public corporation by special acts is prohibited by State Constitution State Bar act creating (state bar) corporation as public corporation has no validity and designation of state bar as public corporation has no legal efficacy (see Bridgegroom v. State Bar, 552, p.2d 1089, 27 Ariz App, 47) Now if all of this going on is Illegal by you all and the United States rather (District of Columbia) or federal territories (The United States Attorneys Got no business prosecuting no one outside of the District of Columbia or federal territories the military construct of federal district courts has no venue outside of the District of Columbia and therefore has no jurisdiction outside district of Columbia and its possessions. The Military Congress cannot pass a law that's applicable in the several states of the Republic than otherwise outside of the presumed emergency operating under the law of necessity created by Congressional (Sine die) "see-na-dee-a" (If the laws passed in the District of Columbia, Are private International law, including all of the United States codes and the statutes at large and or revised statutes (passed after 1871) and are applicable and enforceable only in the District of Columbia then (How could they have become law of the land? I know you all are agents of foreign countries and/or enterprises to Build an illegal corporation that has systematically corrupted every state, county, and city in this nation. I've been kidnapped and others conspired to have me here were frat by federal authorities outside the District of Columbia by and through military executed via the Executive order of the commander-in-chief under the law of necessity created by (Sine die) and Judges swear to uphold the constitution huh? I'm a Sovereign All this also violates (trading with the Enemy Act) (All this is factual

③ The courts in my behalf all acts after (Smedley) are

courts have no jurisdiction (you put this in the appeal of my per ok cause
this is what's taken place) I ask you personally look at this I know your
field of work is illegal But if you look at all I'm showing you
we the people the enemies to the government But your apart of them so
I expect you to tell me what you do (do you know history?) you know
something you took up classes on the uniform Commercial Code that
was adopted in 1964 with a number of alike laws and acts

I mean I really don't need you to represent me I want you
to get off my case ok. But IF you don't use the Uniform Commercial
Code (Use this here). What do you think about this here I've
sent you this is greater than law All of this is the origin before
these things were created ok. I'd like an ERNEST Response back on all of
this you gotta look at all of these ORDERS, ACTS, TIMES, and DATES etc.
you'll see this is on point (Send me back a copy of this here with your

This deals with your dealings, as well per. Code of Federal Regulations Chapter 27 Section 72.11 all (Federal or State crimes) Are Commercial Crimes.

Now Any complaint, action, Transaction initiated by state or federal Agents are Commercial in nature in light of the fact that they impose quasi-monetary fine in violation of Art. I §10 & Art. II §1 and the U.S. Bankruptcy

I see why you took several classes in the uniform Commercial Code, all I ask is you get me from under you all fraudulent system that gets nothing to do with me, I'm willing to keep all on the "hush" about what I do

know I don't look to damage the system all I look for is peace o.k I understand "The Crown of England is over you all but its got nothing to do with me. I was told you as my attorney" Must settle these commercial dealings if asked to do so "How can you not know what I meant in my letters? Rather Here or Federal I will be heard or in a courts and still get my point across"

What they created they did not create the states) Do your history ms. Hackett Congress can only rule on all these things I provide you with are undisputable chief Justice Antonio Scallie of the US Supreme Courts know of all this. The House Joint resolution 192 of June 5th 1933 wasn't directed to me or the people But by misrepresentation (The Gold) was turned in
