I hereby make the voluntary statement to <u>Officer Freeman</u> , University of South Carolina Division of Law Enforcement and Safety, concerning the offense(s) of <u>Assault & Battery</u> .		
During the month of February, Ashley Pauling, a member of the Delta Sigma Theta sorority, poured a drink on me at Club Dreams. A month later, Shellheshia Lexington, Ashley Pauling, and Jahia Lowe followed me and my friends to IHOP, threatening us, and sent us text messages. On April 19, 2009, at the National Guard Armory, they started a fight with me, and I fought back with self defense. Two of the members pulled my hair and hit me on the side of face. An hour later, the Club, Shellheshia Lexington, Ashley Pauling, and Alecia Brown came to on campus to my room threatening to fight me. They knocked on my door, and all the members of the Delta Sigma Theta tried to break in the South Quad to fight me and my friend Gabrielle Glenn.

I hereby make the voluntary statement to <u>Officer Freeman</u> , University of South Carolina Division of Law Enforcement and Safety, concerning the offense(s) of _____		
After being followed by a group of girls leaving a club one night a group of girls (part of Delta Sigma Theta Sorority Inc.) waited outside the club for me and two of my friends to exit the club. They then proceeded to follow us down Assembly St. Porche called the police to report that they were following us. We pulled into a shop on Assembly Street and two cars full of sorority members proceeded to try and attack us. While being restrained by a guy outside in the parking lot one girl (Dalvina Green) proceeded to hit me. I reported this to the officer on the scene and she gave me a paper to file a report. Tonight 4/19/09 at the armory we went to a party at the Armory on Bluff Rd where a large portion of students and others were attending. Some of the sorority members: Shel'kecia Lessington, Ashley Pauling, etc. started an altercation which resulted in a brawl. I exited the building on my own accord and I went to speak w/ an officer about what to do about the incident. While speaking w/ the officer (Sheriff Dale) a Ford Focus belonging to Ashley Pauling pulled up and some of the proceeded to attempt to jump out of the vehicle w/ I have read the above statement and it is true. A TRUE COPY of my statement has been given to me this date.

the officer standing right beside. He proceeded to make them leave the premises. I came into the police station afterwards to report the incident.

~~DO~~ During the altercation at the armory I was struck and my hair was pulled by some members of the sorority after they proceeded to circle us on the floor before the hitting began. I'm not sure which members hit me, but I did proceed to fight back in self defense. I left the building on my own accord after being pulled away a friend to avoid further altercation.

They called their friends to come as well. During this altercation I was shoved but there were no real strikes. The second altercation was at another party, Ashley Pauling pushed me ~~again~~ again. The third altercation was at the armory where the girls first began by taunting us and circling around with their Delta "sisters" and started the fighting by pushing, swinging and hitting both my friends and I. R/O was working special duty at the above listed location. This location rented the facility to a large fraternity. The fraternity collected money at the door and provided alcohol to the guests. Throughout the night there was heavy drinking and several small fights broke out. At 01:50 the last song of the night was playing and a huge fight broke out that led into multiple fights throughout the facility going on at once. People were being assaulted all over the facility. R/O and fellow Deputies were overwhelmed and did not have enough support to deal with the situation. As we broke one fight up, one would be going on behind us. There were females that had their tops ripped off in the fights that had to be removed from the facility. We could not detain any of the suspects as there was too many people fighting and not enough Deputies to control the situation. Some minor

A member at the part while crossing the street was struck by an unknown vehicle and seriously injured. Note: Currently this is under investigation at this time by RCSD.

R/O was then called to USC Campus Police to take a report of three females assaulted at the party and followed back to their door room.

Continued: R/O had to use minimum force to control suspects in two situations. First three black male subjects fighting in the entryway to the gym. One black male subject was on another's back in a chokehold position. I stepped in with my Taser drawn with cartridge off and threatened to use it if they did not stop. I reached in to separate them and was pulled to the ground by one wearing a yellow shirt. Subject was grabbing my left arm and would not let go so I could not recover back up. I told him several times to let go but he did not. I then Drive Stunned him in the thigh two times for a total of one 5 second cycle to get him to release. He did and we recovered back up. I quickly asked if he was OK he said "yes, sorry" and was about to place him in custody. when another fight between about 4 Black Females broke out. They were violently swinging and pulling hair and other girls started to jump in. One of them had her top ripped off and I grabbed her from the fight as she was having her hair pulled. I pulled her out of the fight and had to threaten the use of my Taser while pointing it on the other females that wanted to re-attack her. She was also pulling back away from me to reengage in mutual combat stating she wanted to kill them. I had to wrestle with her to get her clear of the fight. The original black male in the yellow shirt was gone at this point and no arrest was made. We continued to break more fights up. All seemed to be mutual combat related. People wanted to re-enter the facility as we got them out to fight more and were also making threats in the parking lot. It seemed as the night went on the more and more people I believe not related to the Fraternity were let in.

On Sunday April 19, 2009 I along with several was working a special duty at the National Guard Armory on Bluff Road for an Omega party. At sometime between 0030 and 0130 I along with Deputies Scott, J and Pogano, D were inside the lobby and main dance hall. At this time multiple fights broke out simultaneously and we had a very difficult time containing and controlling each. Numerous males and females were throwing punches, kicks and objects. As we attempted to control several of the fights I got separated from the other two Deputies. Due to the chaos and all the active aggression I removed my taser and drive stun at lease two individuals. As I tried to grab hold to one suspect she and I along with someone else fell to the floor. People pull both suspects up and towards the exit. I made my way back over to Deputy Pogano who appeared to be on the floor with a large crown around him. The suspects appeared to be trying to fight each other through him. I tried drive stunning another individual but failed to make the necessary contact because the suspects did not slow down. Once again it was too many people to get control of. We along with several bystanders and security were able to push most of the combatants out side the lobby. I was not able to identify the suspects I drive stun but I was told they their friends took them off the premises. I don't have an exact attendance but the host informed me that they sold excess six hundred tickets. that isn't counting the number of people who paid at the door. There could have easily been several hundred more. There were several areas where alcohol was available at no cost.

REASON FOR AFFIANT'S BELIEF THAT THE
PROPERTY SOUGHT IS ON THE SUBJECT PREMISES

On April 19, 2009 there was an Omega party at 1225 Bluff Road, National Guard Armory. During the time the party was closing down, several subjects were involved in a physical altercation inside the Armory. Some of this subject has been identified as Keron Rouse, Davdrian Rouse, Tory Shaw and Demonte Coleman. After this altercation Justin Boyd and Alvarez Pringle along with a group of their friends were crossing Bluff Road when some witnesses state a Honda Accord rev it's engine and spun its tires just before speeding forward. The Honda struck Pringle about his elbow with the passenger mirror and then struck Boyd. Boyd was hit by the front of the Honda and was rolled up on over the front of the car before landing face first on the curb of the road. The Honda (or its occupants) made no attempt to stop or ever call Law Enforcement in reference to this incident.

AFFIDAVIT

COUNTY OF RICHLAND }

Investigators have been able to identify the Honda Accord and have it in custody and have also interviewed one Daydrian Rouse and Tory Shaw who have admitted to being the driver and passenger of the Honda when it hit someone on Bluff Road. They deny that they hit two subjects and stated that someone just ran in front of them and bumped their car.

This is a search for phone records on the known phone number of Keron Rouse. Keron is the brother of Daydrian and met with him after the incident. The purpose of this search is to see if there is any information that might show any intent on Daydrian's part as it pertains to hitting Pringle and Boyd.

The affiant believes it to be necessary to conduct this search for the phone records and cell towers that this phone was using during the incident times. All information provided in this affidavit is known to be correct at the time it was prepared.

This incident is documented in Richland County Sheriff's Department case number 09041782-19.

REASON FOR AFFIANT'S BELIEF THAT THE
 PROPERTY SOUGHT IS ON THE SUBJECT PREMISES

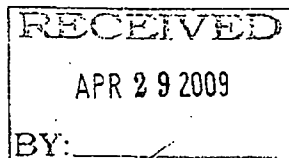

On April 19, 2009 there was an Omega party at 1225 Bluff Road, National Guard Armory. During the time the party was closing down, several subjects were involved in a physical altercation inside the Armory. Some of this subject has been identified as Keron Rouse, Daydrian Rouse, Tory Shaw and Demonte Coleman. After this altercation Justin Boyd and Alvarez Pringle along with a group of their friends were crossing Bluff Road when some witnesses state a Honda Accord rev it's engine and spun its tires just before speeding forward. The Honda struck Pringle about his elbow with the passenger mirror and then struck Boyd. Boyd was hit by the front of the Honda and was rolled up on over the front of the car before landing face first on the curb of the road. The Honda (or its occupants) made no attempt to stop or ever call Law Enforcement in reference to this incident.

AFFIDAVIT

Investigators have been able to identify the Honda Accord and have it in custody and have also interviewed one Daydrian Rouse and Torv Shaw who have admitted to being the driver and passenger of the Honda when it hit someone on Bluff Road. They deny that they hit two subjects and stated that someone just ran in front of them and bumped their car.

This is a search for phone records on the known phone number of Ernest Rouse, father of Daydrian and Keron. The purpose of this search is to see if there is any information that might show any intent on Daydrian's part as it pertains to hitting Pringle and Boyd. Keron has stated that he called his father soon after the incident.

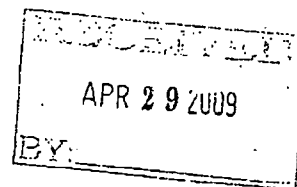

The affiant believes it to be necessary to conduct this search for the phone records and cell towers that this phone was using during the incident times. All information provided in this affidavit is known to be correct at the time it was prepared.

This incident is documented in Richland County Sheriff's Department case number 09041782-19.

Sprint L-Site:
The Secure Online Legal Demand Processing System

Sprint Corporate Security has developed a secure web portal in an effort to improve the timeliness and quality of our responses to legal demands for customer records. This service is available free to law enforcement agencies.

This secure web portal, L-Site, will accept Subpoenas, Court Orders, Request for Records Preservation and Court Orders for assistance. Agencies and Departments can retrieve via this web site the returns for those legal demands.

Description

L-Site access requires Sprint to provision your agency as a user and assign an Administrative User Account. To access L-Site you must have 1) a username, 2) a password and 3) a Public Key Infrastructure (PKI) Certificate provided by Sprint. A unique PKI Certificate is required for each user and computer that will access L-Site.

L-Site uses Secure Socket Layer (SSL) encryption for all transactions between the user and the site. Entering, uploading or downloading information and documents occurs in a secure encrypted tunnel between the user computer and the L-Site server in Missouri.

L-Site uses a delegated security model for administration of agency and user accounts. Sprint will create a master administrative account for an agency or recognized subdivision. Once that account is established, the owner of the master account may add new users and modify the roles of their users. Users can be provisioned to have access to only the documents they submit or all documents submitted by users of this master account. A user can be given read-only access to review requests or other combinations of privileges. Thus the master account allows you flexibility and administration does not require contact with Sprint every time someone is added or deleted from an account.

Once certain critical information about a request for records is entered into the web form, the user will submit a copy of their legal demand either by uploading a soft copy of the demand or printing out a fax cover page from L-Site to be used to fax their legal demand. L-Site will recognize how the legal document is submitted and attach it to the request record created by the user and assign a unique tracking number. users can then check their "Review Request Section" and see the status of all submitted legal demands. Once the record request is complete the user can log into L-Site and download a soft copy of their record request.

Minimum System Requirements

L-Site requires these minimum system requirements:

- Microsoft Windows 2000 with Service Pack 2, Windows XP
- 256 MB of Ram
- 60 MB of available hard-disk space
- Internet Explorer 6.0 or Firefox 1.5 (or higher)
- Adobe Acrobat 5.0 (or higher). We only accept .pdf documents
- Internet Connection

Contacts

You may contact the Sprint Corporate Security Legal Compliance group in the following ways:
(Please note: Fax numbers have recently changed.)

Main Telephone: 800-877-7330

911 & Emergencies - option 1

Subpoena Compliance - option 3 (Fax: 816-600-3111)

Civil Team - option 3 (Fax: 816-600-3161)

Electronic Surveillance - option 4 (Fax: 816-600-3100)

Trials/Appearances - option 5 (Fax 816-600-3131) (Email: CSTrialTeam@sprint.com)

Immediate Response Requests (accelerated returns **not** emergencies)

Direct Line: 913-315-8774

Fax: 816-600-3121

E-mail: CS_IRR_Team@sprint.com

Sprint processes approximately 500,000 request for information per year and processes them in the order received unless that request is designated as exigent. To check the status of your request, please contact the appropriate group at the number listed above.

Exigent Circumstance Requests

If this situation involves imminent threat of death or serious bodily harm, the information will be provided as soon as possible. Do not use L-Site to submit exigent request unless specifically directed to do so by a member of the Electronic Surveillance Unit. Please contact our 24x7 Hotline at 1-800-877-7330, option 1. Prior to the immediate release of the information, you will be provided a form to certify the exigency of the circumstances.

Employee Records

If you are seeking personnel records for Sprint employees, please contact the Sprint Legal Department at 913-315-9600 for further assistance. These records are NOT available via L-Site.

More Information/Account Set-up

If you would like more information or to setup a new L-Site account, please contact Sprint at L-Site@sprint.com. This service is available free to law enforcement agencies.

If you are requesting a new account, your agency will need to designate an administrator (someone who can set up new users and serve as the primary contact). The following information must be included in your request for account setup:

- Agency Name
- Administrator's first and last name
- Administrator's Title
- Physical address of agency office
- Work Phone
- Cell Number
- Fax Number
- Email Address

This portal will continue to be a work in progress and as end users we would like your feedback and suggestions which will enhance and improve this application. Suggestions or complaints should be addressed to L-Site@sprint.com.

Ellis, Matt**From:** Smith, Stan**Sent:** Tuesday, April 21, 2009 5:05 PM**To:** Ellis, Matt; McDonald, Scott**Cc:** Isenhoward, Kevin**Subject:** Brian Hanberry's statement as it pertains to intent

After reviewing this statement that Roe took several times to try to understand it, I have concluded that the two guys who were described as gesturing appear to have possibly been Tory Shaw and Daydrian. They then go to the Honda with two others, who were also described as male (but I think they were actually Keron and his girlfriend (per Keron's statement)). This would actually dispel the suggestion that four were in the Hondar, as maybe the four were simply seen going to the car, and then the leap of assumption was made that all four got into the car. We know that Keron and his gfriend went to and got into his car at another spot. If it was Tory and Daydrian who were gesturing at the "big dude", then that would be the direct premeditation, which preceded the collision with the same parties. The "big dude" would ostensibly be Pringle? If that is the case, then they indeed carried out what their intent was when they hit him. We need the Pringle statement on this point, as well as what he witnessed regarding the actual collision itself. We may also want to think about showing Hanberry and Pringle photo-line-ups on Tory, Keron, and Daydrian. This would be desired to be able to clearly define who was gesturing prior to getting into the Honda. My bet it was Tory and Daydrian, which takes the steam out of the random/accidental collision explanation that they made.

Subpoena Compliance.
5520 Capital Center Dr.
Raleigh, NC 27606
Fax- 919-235-4993
Phone- 888-203-1067

Now, therefore, you are hereby authorized to search the subject premises for the property described below, and to seize such property if found:

DESCRIPTION OF PROPERTY

Call detail record for the Alltel phone number of 843-214-4125, between 04/19/2009 at 0100 AM- 04/24/2009 at 08:00 am. This search should include all calls originating from and terminating at the listed Alltel target number. This search should also include subscriber information on the target number and any Alltel phone numbers provided in this search. This search should also include cell tower information detailing the originating and terminating towers used during conversations that are reflected in this search as well as a key for reading this information. A copy of cell tower locations should also be provided.

This search is to also include subscriber information from any other phone numbers provided in this search by the carrier of record of that phone number. This would include phone number from the following cell phone carriers, (Sprint, Nextel, Verizon, T-Mobile, AT&T and Alltel).

All of this to be provided in .csv electronic format to mellis@rcsd.net.

This Search Warrant shall not be valid for more than ten days from the date of issuance.
A written inventory of all property seized pursuant to this Search Warrant shall be made to

within ten days from the date of this warrant, such inventory to be signed by the officer executing this warrant, and a copy of such inventory shall be furnished to the person whose premises are searched if demand for such copy is made.

A copy of this Search Warrant shall be delivered to the person in charge of the premises searched at the time of such search if practicable, and, if not, to such person as soon thereafter as is practicable; in the event the identity of the person in charge is not known or if such person cannot be found after reasonable diligence in attempting to locate the person, a copy shall be attached to a prominent place on such premises.

AFFIDAVIT

rev it's engine and spun its tires just before speeding forward. The Honda struck Pringle about his elbow with the passenger mirror and then struck Boyd. Boyd was hit by the front of the Honda and was rolled up on over the front of the car before landing face first on the curb of the road. The Honda (or its occupants) made no attempt to stop or ever call Law Enforcement in reference to this incident.

Investigators have been able to identify the Honda Accord and have it in custody and have also interviewed one Daydrian Rouse and Tory Shaw who have admitted to being the driver and passenger of the Honda when it hit someone on Bluff Road. They deny that they hit two subjects and stated that someone just ran in front of them and bumped their car.

This is a search for phone records on the known phone number of Tory Shaw. The purpose of this search is to see if there is any information that might show any intent on Davdrian's part as it pertains to hitting Pringle and Boyd.

The affiant believes it to be necessary to conduct this search for the phone records and cell towers that this phone was using during the incident times. All information provided in this affidavit is known to be correct at the time it was prepared.

This incident is documented in Richland County Sheriff's Department case number 09041782-19.

***Search results indicate one or more of the numbers listed on the above-referenced legal demand may belong to Boost, a Sprint prepaid phone service. Our office maintains subscriber information for Boost accounts, but this information is often inaccurate or incomplete, as no identification is required when purchasing a Boost phone. Payment information is also available for Boost accounts. However, this information, while accurate, may not be complete. As Boost accounts are prepaid, no bill reprints are available. We are able to provide call detail records for IDEN Boost accounts for the most recent 24-month period. Call detail records for CDMA Boost accounts are available for mid November to the present.**

Key to Understanding CDMA Call Detail Reports

Calling number:	This column reflects the number placing the call (the individual who initiated the call). If the call is an outgoing call, this will be the Sprint PCS target number.
Called number:	This column reflects the number actually sent. In most cases this number will be the same as the number in the "Dialed Digits" column. If the number has been forwarded, or if there is a routing number, then this will be reflected. If the number has a 11 in front of the area code, that means the call rolled to voicemail and was NOT answered by the customer.
Dialed digits:	This column reflects the digits that the caller enters into the keypad of the phone. If the call is an incoming call, this will be the Sprint PCS target number.
M_R #:	Mobile Role (Type of Call). Listed as outgoing, incoming, routed call*or undetermined.
Start Date:	Date and time the call was initiated.
End Date:	Date and time the call was ended.
Duration:	Duration of call, in seconds.
Repoll number:	This reflects which switch is being used. In cities such as New York, Boston, and St. Louis, where there are multiple switches, this is very important.
First Cell:	Specific cell site in which the call was initiated. The last 3 digits represent the site number. The first digit reflects the sector. (See attached "Three Sector Layout" page for sector orientation.) For example, if the number in the column reads 2083, the cell site is 083 and the sector is 2.
Last Cell:	Specific cell site in which the call was ended. The last 3 digits represent the site number. The first digit reflects the sector. (See attached "Three Sector Layout" page for sector orientation.) For example, if the number in the column reads 2083, the cell site is 083 and the sector is 2.

*Routed calls come in two main varieties. The first, also known as Temporary Local Dialing Number (TLDN) calls, occur when "helper" numbers are used by the switch to complete a call. They may be considered to be bridge/router numbers to complete a call. The second is when a call is not answered, but is routed to voicemail. Calls routed straight to voicemail will also have an "11" before the number indicated in the "Called_Nbr" column.

The CDMA call detail report may indicate the sending and receipt of text messages and e-mail. While not flagged as text messages, the line will indicate no duration, the dialed digits column will either be blank or will show an e-mail address, and the repoll column will contain one of the following numbers: 13; 291; 292; 293; 294; 295; 296; 297; 298; 347; 681; 682; 683; 684; 686; 687; 688.

Star Codes

Your request has been fulfilled, at least in part, by what is known as a CDMA CDR Report. A CDMA CDR Report lists information about incoming/outgoing calls including the digits dialed on the handset. As a dialing shortcut, PCS subscribers may use star codes (an asterisk (*) plus a short number sequence) when using our wireless telephones. This code will appear in the dialed digits column of the CDMA CDR Report. Following is a list of the most common star codes. Additional star codes may exist in the market from which the call is made. Please contact the Subpoena Compliance Group at the number listed above for more information concerning star codes.

- *18 - Ping the nearest tower, call delivery activate
- *180 - Call delivery deactivate
- *2 - Customer Care
- *3 - Payment Center
- *31 - Three Way Calling
- *4 - Account information
- *5 - Spanish Customer care
- *67 - Caller ID block
- *68 - Override caller ID block
- *70 - Cancel call waiting for that call
- *711 - Customer Care
- *72 - Activates call forwarding
- *720 - Deactivates call forwarding
- *73 - Call forwarding no answer
- *74 - Call forward busy
- *811 - Customer Care
- *82 - Override caller ID block- for that call
- *911 - 911
- *073 - Cancel call forward no answer
- *074 - Cancel call forward busy

Other numbers which may appear in the dialed digits column:

- 411 - Directory assistance
- 611 - Customer Care
- 711 - Telecommunications Relay Service (hearing impaired)
- 911 - Can also dial 0911 or 1911)
- c777 - Web Browsing (SINS)

RECEIVING RECORDS IN ELECTRONIC FORMAT

Your request has been satisfied, at least in part, by records furnished on compact disc (CD) or via e-mail. Sprint uses CDs when the response is particularly voluminous or if records are requested in electronic format. Once "recorded" the CD cannot be deleted, re-recorded or appended. Information on CD is normally in one of three formats:

RICH TEXT FORMAT (RTF)

These files are text files readable by any word processor such as Microsoft Word/Works or WordPerfect. Generally, we use this format for letters, summaries and explanatory documents. To retrieve these documents, open your word processor of choice then use the open file command (normally listed under File in the Window Menu bar). Navigate to the drive containing the CD and double click on the file name. While you may not manipulate the file and re-save directly on the CD, it may be manipulated and re-saved elsewhere.

SPREADSHEET FILES (XLS or CSV)

These files are normally used for longer reports such as the Viador Report of recent calls or a listing of all cell sites associated with a particular switch/repoll. We use Microsoft Excel to generate these files and recommend that product for viewing them. To retrieve these documents, open your spreadsheet program of choice then use the open file command (normally listed under File in the Window Menu bar). Navigate to the drive containing the CD and double click on the file name. These files may be uploaded to products such as PenLink in either CSV or XLS format. Please see your program documentation for assistance. While you may not manipulate the file and re-save directly on the CD, it may be manipulated and re-saved elsewhere.

TAGGED IMAGE FORMAT (TIF or TIFF)

This format is used for stored bills and for print outs from our customer service/billing system. All Windows based machines come with TIF viewers but accessing the viewer software may be unfamiliar. To retrieve these documents, open the My Computer folder on your desktop or Open the Windows Explorer (not Internet Explorer). Navigate to the drive containing the CD and **RIGHT** click on the file name. This will open a menu. Choose "OPEN WITH." A new dialog box will open. Look for applications that do Imaging. The most common are "Imaging", "Imaging Preview", "Microsoft Imaging", "Kodak Imaging" and "Microsoft Office Document Imaging." Single click on your choice and also click on the check box which says, "Always use this program to open these files." This will set the program as your default and next time you need to open a TIF file, you may just double click on the desired document. Once open, most TIF viewers only display the current page. To go to the next page, use the page up/down keys on your computer keyboard or look for helper arrows. You may also wish to peruse the Help feature offered in every Windows based program. Please note: these files may not normally be uploaded to products such as PenLink since they are not open for manipulation. Please see your program documentation for assistance.

You may also receive files in a bundled, WinZip format (ZIP). These files contain other files (of the three types listed above). Zipped files are used to save space on particularly large requests. To open a ZIP file, open the My Computer folder on your desktop or Open the Windows Explorer (not Internet Explorer). Navigate to the drive containing the CD and double click on the file name. If this does not work, return to the folder containing your document and **RIGHT** click on the file name. This will open a menu. Choose "OPEN WITH." A new dialog box will open. Look for applications that do zipping. The most common is "WinZip." Single click on your choice and also click on the check box which says, "Always use this program to open these files." This will set the program as your default and next time you need to open a ZIP file, you may just double click on the desired document. Please feel free to contact the Sprint Subpoena Compliance Department for further assistance: 913-315-0660 or 866-259-7534.

Sprint L-Site:
The Secure Online Legal Demand Processing System

Sprint Corporate Security has developed a secure web portal in an effort to improve the timeliness and quality of our responses to legal demands for customer records. This service is available free to law enforcement agencies.

This secure web portal, L-Site, will accept Subpoenas, Court Orders, Request for Records Preservation and Court Orders for assistance. Agencies and Departments can retrieve via this web site the returns for those legal demands.

Description

L-Site access requires Sprint to provision your agency as a user and assign an Administrative User Account. To access L-Site you must have 1) a username, 2) a password and 3) a Public Key Infrastructure (PKI) Certificate provided by Sprint. A unique PKI Certificate is required for each user and computer that will access L-Site.

L-Site uses Secure Socket Layer (SSL) encryption for all transactions between the user and the site. Entering, uploading or downloading information and documents occurs in a secure encrypted tunnel between the user computer and the L-Site server in Missouri.

L-Site uses a delegated security model for administration of agency and user accounts. Sprint will create a master administrative account for an agency or recognized subdivision. Once that account is established, the owner of the master account may add new users and modify the roles of their users. Users can be provisioned to have access to only the documents they submit or all documents submitted by users of this master account. A user can be given read-only access to review requests or other combinations of privileges. Thus the master account allows you flexibility and administration does not require contact with Sprint every time someone is added or deleted from an account.

Once certain critical information about a request for records is entered into the web form, the user will submit a copy of their legal demand either by uploading a soft copy of the demand or printing out a fax cover page from L-Site to be used to fax their legal demand. L-Site will recognize how the legal document is submitted and attach it to the request record created by the user and assign a unique tracking number. users can then check their "Review Request Section" and see the status of all submitted legal demands. Once the record request is complete the user can log into L-Site and download a soft copy of their record request.

Minimum System Requirements

L-Site requires these minimum system requirements:

- Microsoft Windows 2000 with Service Pack 2, Windows XP
- 256 MB of Ram
- 60 MB of available hard-disk space
- Internet Explorer 6.0 or Firefox 1.5 (or higher)
- Adobe Acrobat 5.0 (or higher). We only accept .pdf documents
- Internet Connection

 Fax: 816-600-3121
 E-mail: CS_IRR_Team@sprint.com

Sprint processes approximately 500,000 request for information per year and processes them in the order received unless that request is designated as exigent. To check the status of your request, please contact the appropriate group at the number listed above.

Exigent Circumstance Requests

If this situation involves imminent threat of death or serious bodily harm, the information will be provided as soon as possible. Do not use L-Site to submit exigent request unless specifically directed to do so by a member of the Electronic Surveillance Unit. Please contact our 24x7 Hotline at 1-800-877-7330, option 1. Prior to the immediate release of the information, you will be provided a form to certify the exigency of the circumstances.

Employee Records

If you are seeking personnel records for Sprint employees, please contact the Sprint Legal Department at 913-315-9600 for further assistance. These records are NOT available via L-Site.

More Information/Account Set-up

If you would like more information or to setup a new L-Site account, please contact Sprint at L-Site@sprint.com. This service is available free to law enforcement agencies. If you are requesting a new account, your agency will need to designate an administrator (someone who can set up new users and serve as the primary contact). The following information must be included in your request for account setup:

- Agency Name
- Administrator's first and last name
- Administrator's Title
- Physical address of agency office
- Work Phone
- Cell Number
- Fax Number
- Email Address

This portal will continue to be a work in progress and as end users we would like your feedback and suggestions which will enhance and improve this application. Suggestions or complaints should be addressed to L-Site@sprint.com.

R/O was working special duty at the above listed location. This location rented the facility to a large fraternity. The fraternity collected money at the door and provided alcohol to the guests. Throughout the night there was heavy drinking and several small fights broke out. At 01:50 the last song of the night was playing and a huge fight broke out that led into multiple fights throughout the facility going on at once. People were being assaulted all over the facility. R/O and fellow Deputies were overwhelmed and did not have enough support to deal with the situation. As we broke one fight up, one would be going on behind us. There were females that had their tops ripped off in the fights that had to be removed from the facility. We could not detain any of the suspects as there was too many people fighting and not enough Deputies to control the situation. Some minor

I/L National Guard Armory Bluff Rd Columbia SC

Continued: force was needed to brake up fights but no injuries reported from the force. When the crowd was moved out several fights carried over into the parking lot and unto the USC campus. A member at the part while crossing the street was struck by an unknown vehicle and seriously injured. Note: Currently this is under investigation at this time by RCSD.

R/O was then called to USC Campus Police to take a report of three females assaulted at the party and followed back to their door room.

INTRODUCTION

This limited report outlines the findings of the Midlands Multi-Disciplinary Accident Investigation Team as they relate to an incident that occurred at approximately 0228 hours on April 19, 2009 in Richland County, State of South Carolina on South Carolina Primary 48 (Bluff Road). A copy of the Richland County Sheriff's Department Incident Report SC0400000 is attached in the Appendix section of this report.

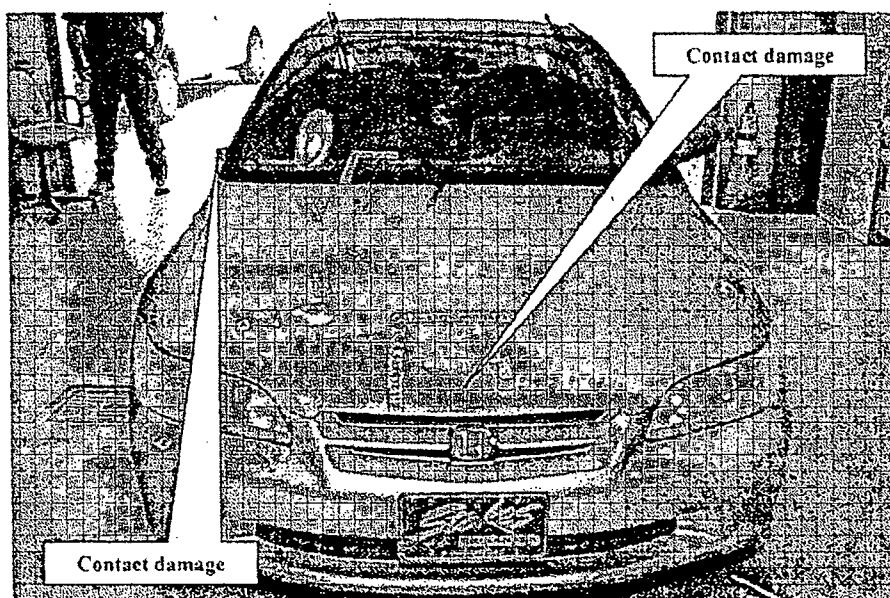

On January 23, 2009, CPT. J. S. White / Richland County Sheriff's Office / Major Crimes Division requested the Midlands MAIT to assist with examining a vehicle that struck a pedestrian.

VEHICLE EXAMINATION

On April 21, 2009, the Midlands MAIT conducted a vehicle examination on a 2000 Honda Accord at the Richland County Sheriff's Office Forensic Processing area in Columbia, South Carolina. The vehicle was a 2000 Honda Accord, with a vehicle identification number of 1HGCG5648YA142295.

VEHICLE

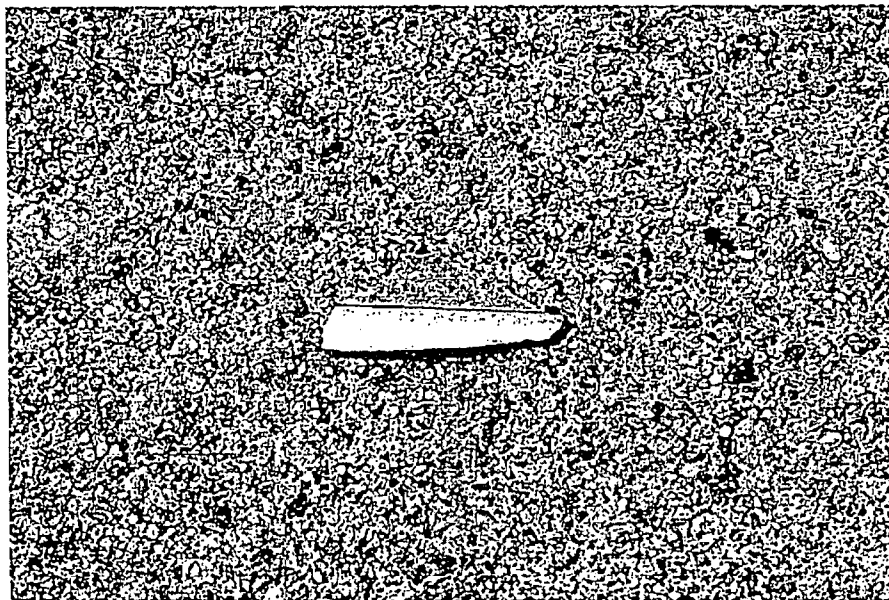

The vehicle examination revealed that damage to the front center portion of the hood, along with damage to the right side passenger mirror. This is consistent with striking a pedestrian.

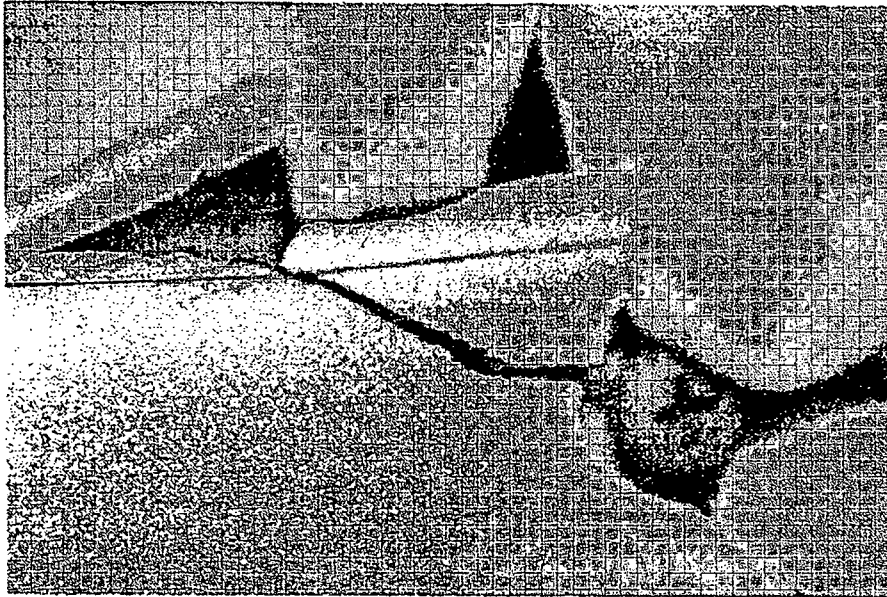

INVESTIGATIVE SUMMARY

On April 22, 2009, the Midland MAIT examined a plastic vehicle piece recovered from the incident scene.

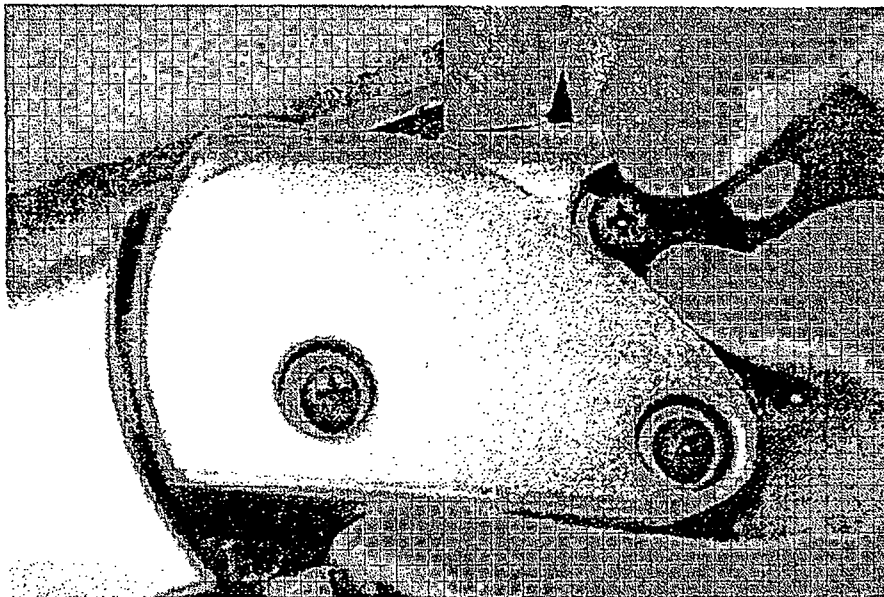

Recovered plastic vehicle part found at incident scene

The Midlands MAIT took this plastic piece and positively matched it to the suspect vehicle. This piece was the right size and shape to match the fragmented right passenger side-view mirror. This fragmentation analysis indicated that the 2000 Honda Accord is the vehicle that struck the pedestrians at the incident location.

Matching the piece to the right passenger mirror

Positive match of evidence to suspect vehicle

Aggravated Assault
Investigator Ellis

04/19/2009 1445 hours- Capt Smith called me in reference to this case where a victim had been struck by a car as he was crossing Bluff Road. He wanted me to review the case file and see what needed to be done on it as the victim has taken a turn for the worse. He stated Investigator Roe had been called out after witnesses had stated there was an altercation inside an Omega party at the Armory which is located at 1225 Bluff Road and afterwards as the victim was crossing Bluff Road, possibly a silver Honda Accord intentionally sped up spinning its tires and struck the victim. The victim was being treated at Palmetto Richland Hospital. He was first given a trauma score of 8 after the incident but that has been changed. Smith stated that Sgt Yturria checked on the victim just before he called me and he had now been assigned a trauma score of 4 (0 being the worst).

1500 hours- I/O located the file and after reviewing the report and a statement that Roe took from one Brian Hanberry, it was clear to me that everyone that Roe had talked to witnessed what they thought was an intentional act. Hanberry states approximately two hours after they got to the party, it was shut down because of a fight inside between some Omegas and non-Omegas. After the fight the security told everyone they had to leave. He states that he saw two of the non-Omegas that were in the fight and 5 other their friends walking across the street. The guys that were in the fight were making gestures and pointing at a big due they had fought. Three of these guys got into white GMC Jimmy and left. The other guys (4) got into a 4-door silver Honda Accord. These guys were watching Pringle and his group leave. Hanberry states that he crossed the road and that he observed Justin Boyd (victim in trauma state) and several other guys crossing Bluff Road from the Armory. As they got to the median, a silver Honda stopped in the roadway to let them cross. As they got into the road, the silver Honda rev its engine and then spins its tires. The vehicle then came toward both Boyd and Alvarez Pringle. The Honda first struck Pringle's elbow with what appeared to be the mirror and then the Honda struck Boyd. Boyd came up over the hood and then landed face first on the curb. He describes the driver of the Honda as a dark skin black male about 601 and thin build. He also describes another black male as 504-505 light skin and medium as being in the Honda.

1530 hours- I/O called Damion Robbs who put the party together on the first number listed and the voicemail was not set up. I called the 2nd number and it was busy. Later I tried the first number and reached him. He stated there was a fight inside the building possibly in a hallway between some Omega's and non-Omega's. He stated that after the fight there was a shorter non-omega that he understood wasn't the actual person involved in the fight that was very upset. He talked to this subject to calm him down. He later came back out and this short male was upset again so he talked to him again to calm him down. He states the party was over and he walked this subject and others partially out the parking lot and then returned as two other guys were waiting for him with all the money from the party. A short time later as he and the others were leaving, he saw all the

ML-031-09

activity in the street. He was told by one of the guys with (Boyd) that the guy that he had been talking to calm down had hit Boyd with his vehicle.

I asked Robbs if he had any further information that he had not provided to us as of yet and he stated that he had been told that Boyd's friends were trying to identify and/or get a hold of a subject named Mike Cross. Mike and his girlfriend Octavia were there and from what he was learning, Mike's brother was involved in the fight. Mike was also with the shorter guy that Robbs had tried to defuse twice. While talking to the subject and trying to defuse him, Robbs stated he was just making small talk with him and learned that he was from Charleston but goes to USC. He doesn't know what his name is or where he is living.

Robbs stated that anyone could come to this party and that if he is able to obtain any further information he will call me back. He stated that he will be available tomorrow to provide a statement but he was out of town at this time seeing his grandparents.

1640 hours- I/O called USC Police Department to see if the stadium or the practice field had any camera that might have captured the Honda. I would receive a call back from a Maddox who stated that her SSgt checked and there are no cameras at the practice field and the ones at the stadium don't capture the roadway.

I also called Lt Griddine and L/M. I need a list of all the Deputies that were working at the I/L last night.

I called Lt Elsey to see if she had been advised by Investigator Livingston (Lab) of what he had processed. She called me back and stated that Livingston had responded to the scene however he was told that SCHP was going to work the incident. He departed and was never called back however he stated that while he was there he didn't see an evidence (car parts or anything left by the car) that he would have collected.

1700 hours- I/O went to the I/L just to make sure that there wasn't anything there. I check both sides of Bluff Road for about a block in both directions and was unable to locate anything that appeared to be from this incident.

1740 hours- I/O called Pringle. He stated that he was a grad student at SC State and that everyone that was with him are Omega's however none were wearing any of the Omega's paraphernalia. He further stated that no one in the group that he was in was involved in the altercation inside the party. He stated they were outside during the incident. Pringle was also struck by this Honda about his elbow but only has some bruising and soreness. He believes that the cars mirror struck him as he was crossing Bluff just before Boyd was hit. He was with Justin Howell at this time and they were in Orangeburg. He stated they all had left Columbia this morning. He will be in Orangeburg tomorrow and he was advised that we will need to talk and get a statement from him tomorrow more than likely. He stated that would be fine.

ML-031-09

1814 hours- I/O called Brian Hanberry. I asked him if he knew anything new about this. He sated no and I asked him about Mike. He states that Mike wasn't with the guys that left in the Honda however they were just trying to talk to Mike as they had seen him give the guys that had been fighting (non-Omega's) dap as they came outside. They wanted to know if Mike might know these subjects names. He stated that he also had never seen the Omega's that ere fighting. This was the first time seeing them. I asked him if he was trying to reach Mike and he stated that Pringle had the number for Mike.

I called Pringle back and asked him if he had reached Mike and he stated that he had tried. He provided a number for Mike which is 904-233-4975.

1906 hours- I/O called Mike and told him that I needed his help trying to identify some subjects that he had talked to at the Armory. He stated that when the fight happened he was outside and when everyone was coming out the party he was given dap to a lot of people. He stated that he was intoxicated by that time and that he doesn't remember who all he had given dap to. He stated that he was an Omega. I asked him if he remember giving dap to any non-omega's and he stated that he did but didn't know any of their names. He thought that a couple of the might go to USC which is where he goes to school but couldn't provide any names.

2000 hours- I/O went to Palmetto Richland to check on Boyd. His Trauma number is TM 090261 and he is in STICU room 512, bed 1. I went and talked to the nurse who was taken care of him. She stated that he wasn't doing very well. He was still holding a score of 4. They weren't anticipating him to make a turn for the better.

I then went to the waiting area of STICU and made contact with Boyd's family. I introduced myself to Jacqueline Boyd ~~843-224-3424~~, North Charleston 29405, 843-224-3424 (CELL), 843-308-9091 (HOME), 843-327-1973 (Dorthy Jackson-Sister of Jacqueline). I advised her that we were working her son's case and asked her to call if she received any information. She was provided with a card and numbers.

I/O would later have Sgt Bright who had responded to the scene met me at the incident location. I wanted to be shown where Boyd had been hit to confirm that I had checked the area for any evidence. Bright showed me where Boyd had hit the curb after being hit by the Honda. You could still see some places that still had what appeared to be blood. This would be approximately 20 or feet east of Market Street on Bluff. I took several photos of the blood.

Bright stated that he had learned while at the scene that Boyd himself had been involved in the fight inside the location. He had been told that Boyd was from Charleston and the subjects that he got into the fight with were also from Charleston.

Aggravated Assault
Investigator Ellis

04/19/2009 1445 hours- Capt Smith called me in reference to this case where a victim had been struck by a car as he was crossing Bluff Road. He wanted me to review the case file and see what needed to be done on it as the victim has taken a turn for the worse. He stated Investigator Roe had been called out after witnesses had stated there was an altercation inside an Omega party at the Armory which is located at 1225 Bluff Road and afterwards as the victim was crossing Bluff Road, possibly a silver Honda Accord intentionally sped up spinning its tires and struck the victim. The victim was being treated at Palmetto Richland Hospital. He was first given a trauma score of 8 after the incident but that has been changed. Smith stated that Sgt Yturria checked on the victim just before he called me and he had now been assigned a trauma score of 4 (0 being the worst).

1500 hours- I/O located the file and after reviewing the report and a statement that Roe took from one Brian Hanberry, it was clear to me that everyone that Roe had talked to witnessed what they thought was an intentional act. Hanberry states approximately two hours after they got to the party, it was shut down because of a fight inside between some Omegas and non-Omegas. After the fight the security told everyone they had to leave. He states that he saw two of the non-Omegas that were in the fight and 5 other their friends walking across the street. The guys that were in the fight were making gestures and pointing at a big due they had fought. Three of these guys got into white GMC Jimmy and left. The other guys (4) got into a 4-door silver Honda Accord. These guys were watching Pringle and his group leave. Hanberry states that he crossed the road and that he observed Justin Boyd (victim in trauma state) and several other guys crossing Bluff Road from the Armory. As they got to the median, a silver Honda stopped in the roadway to let them cross. As they got into the road, the silver Honda rev its engine and then spins its tires. The vehicle then came toward both Boyd and Alvarez Pringle. The Honda first struck Pringle's elbow with what appeared to be the mirror and then the Honda struck Boyd. Boyd came up over the hood and then landed face first on the curb. He describes the driver of the Honda as a dark skin black male about 601 and thin build. He also describes another black male as 504-505 light skin and medium as being in the Honda.

1530 hours- I/O called Damion Robbs who put the party together on the first number listed and the voicemail was not set up. I called the 2nd number and it was busy. Later I tried the first number and reached him. He stated there was a fight inside the building possibly in a hallway between some Omega's and non-Omega's. He stated that after the fight there was a shorter non-omega that he understood wasn't the actual person involved in the fight that was very upset. He talked to this subject to calm him down. He later came back out and this short male was upset again so he talked to him again to calm him down. He states the party was over and he walked this subject and others partially out the parking lot and then returned as two other guys were waiting for him with all the money from the party. A short time later as he and the others were leaving, he saw all the

ML-031-09

activity in the street. He was told by one of the guys with (Boyd) that the guy that he had been talking to calm down had hit Boyd with his vehicle.

I asked Robbs if he had any further information that he had not provided to us as of yet and he stated that he had been told that Boyd's friends were trying to identify and/or get a hold of a subject named Mike Cross. Mike and his girlfriend Octavia were there and from what he was learning, Mike's brother was involved in the fight. Mike was also with the shorter guy that Robbs had tried to defuse twice. While talking to the subject and trying to defuse him, Robbs stated he was just making small talk with him and learned that he was from Charleston but goes to USC. He doesn't know what his name is or where he is living.

Robbs stated that anyone could come to this party and that if he is able to obtain any further information he will call me back. He stated that he will be available tomorrow to provide a statement but he was out of town at this time seeing his grandparents.

1640 hours- I/O called USC Police Department to see if the stadium or the practice field had any camera that might have captured the Honda. I would receive a call back from a Maddox who stated that her SSgt checked and there are no cameras at the practice field and the ones at the stadium don't capture the roadway.

I also called Lt Griddine and L/M. I need a list of all the Deputies that were working at the I/L last night.

I called Lt Elsey to see if she had been advised by Investigator Livingston (Lab) of what he had processed. She called me back and stated that Livingston had responded to the scene however he was told that SCHP was going to work the incident. He departed and was never called back however he stated that while he was there he didn't see an evidence (car parts or anything left by the car) that he would have collected.

1700 hours- I/O went to the I/L just to make sure that there wasn't anything there. I check both sides of Bluff Road for about a block in both directions and was unable to locate anything that appeared to be from this incident.

1740 hours- I/O called Pringle. He stated that he was a grad student at SC State and that everyone that was with him are Omega's however none were wearing any of the Omega's paraphernalia. He further stated that no one in the group that he was in was involved in the altercation inside the party. He stated they were outside during the incident. Pringle was also struck by this Honda about his elbow but only has some bruising and soreness. He believes that the cars mirror struck him as he was crossing Bluff just before Boyd was hit. He was with Justin Howell at this time and they were in Orangeburg. He stated they all had left Columbia this morning. He will be in Orangeburg tomorrow and he was advised that we will need to talk and get a statement from him tomorrow more than likely. He stated that would be fine.

ML-031-09

1814 hours- I/O called Brian Hanberry. I asked him if he knew anything new about this. He sated no and I asked him about Mike. He states that Mike wasn't with the guys that left in the Honda however they were just trying to talk to Mike as they had seen him give the guys that had been fighting (non-Omega's) dap as they came outside. They wanted to know if Mike might know these subjects names. He stated that he also had never seen the Omega's that ere fighting. This was the first time seeing them. I asked him if he was trying to reach Mike and he stated that Pringle had the number for Mike.

I called Pringle back and asked him if he had reached Mike and he stated that he had tried. He provided a number for Mike which is 904-233-4975.

1906 hours- I/O called Mike and told him that I needed his help trying to identify some subjects that he had talked to at the Armory. He stated that when the fight happened he was outside and when everyone was coming out the party he was given dap to a lot of people. He stated that he was intoxicated by that time and that he doesn't remember who all he had given dap to. He stated that he was an Omega. I asked him if he remember giving dap to any non-omega's and he stated that he did but didn't know any of their names. He thought that a couple of the might go to USC which is where he goes to school but couldn't provide any names.

2000 hours- I/O went to Palmetto Richland to check on Boyd. His Trauma number is TM 090261 and he is in STICU room 512, bed 1. I went and talked to the nurse who was taken care of him. She stated that he wasn't doing very well. He was still holding a score of 4. They weren't anticipating him to make a turn for the better.

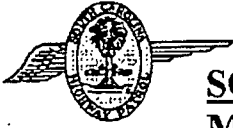

I then went to the waiting area of STICU and made contact with Boyd's family. I introduced myself to Jacqueline Boyd [REDACTED] St, North Charleston 29405, 843-224-3424 (CELL), 843-308-9091 (HOME), 843-327-1973 (Dorthy Jackson-Sister of Jacqueline). I advised her that we were working her son's case and asked her to call if she received any information. She was provided with a card and numbers.

I/O would later have Sgt Bright who had responded to the scene met me at the incident location. I wanted to be shown where Boyd had been hit to confirm that I had checked the area for any evidence. Bright showed me where Boyd had hit the curb after being hit by the Honda. You could still see some places that still had what appeared to be blood. This would be approximately 20 or feet east of Market Street on Bluff. I took several photos of the blood.

Bright stated that he had learned while at the scene that Boyd himself had been involved in the fight inside the location. He had been told that Boyd was from Charleston and the subjects that he got into the fight with were also from Charleston.

ANGLE FRONT OF HOOD TO WINDSHIELD BASE = 10.1 deg
ANGLE FRONT OF HOOD TO WINDSHIELD TOP = 18.7 deg
ANGLE OF WINDSHIELD = 30.4 deg
ANGLE OF STEERING TIRES AT MAX TURN = 27.6 deg

FIRST APPROXIMATION CRUSH FACTORS:

Speed Equivalent (mph) of Kinetic Energy (KE) used in causing crush or indentation may be evaluated using the following formula, the appropriate Crush Factor (CF), and Maximum Indentation Depth (MID), in feet:

$$V(\text{mph}) = \text{Sqr root of } (30 * CF * \text{MID})$$

KE Equivalent Speed (Front/Rear/Side) = 21 CF

Bullet vehicle IMPACT SPEED estimation
based on TARGET VEHICLE damage ONLY = 27 CF
(Tested for Rear/Side Impact only)

These CF values are based upon analysis of NHTSA Barrier Crash data, and from over 1000 vehicle accidents where independent evaluation of speed was possible. (These are NOT 'A', 'B', 'C', or 'G' values)

The Rear Impact data with more than 2-3 inches of crush damage should be looked at carefully, since some vehicles have very weak trunk & fender strength. Therefore, on some cars, esp. GM, your estimate from the rear crush data may be high by as much as 4-5 mph (on a crush of 18 inches).

Officer Captain J. S. Smith

STATE OF SOUTH CAROLINA}

SEARCH WARRANT

ML-031-09

COUNTY OF RICHLAND }

TO ANY BONDED LAW ENFORCEMENT OFFICER OF THIS STATE OR COUNTY OR OF THE MUNICIPALITY
OF _____:

It appearing from the attached affidavit that there are reasonable grounds to believe that certain property subject to seizure under provisions of Section 17-13-140, 1976 Code of Laws of South Carolina, as amended, is located on the following premises:

**DESCRIPTION OF PREMISES (PERSON, PLACE OR THING)
TO BE SEARCHED**

A light gold 2000 Honda Accord LX 4-dr automobile bearing S.C. tag CNR 944. The VIN on the car is as follows: 1HGCG5648YA142295. The search is to include the interior and exterior of said vehicle. The vehicle is currently located in the RCSD forensic warehouse at 5623 Two Notch Rd. in Richland County.

Now, therefore, you are hereby authorized to search the subject premises for the property described below, and to seize such property if found:

DESCRIPTION OF PROPERTY

Forensic evidence related to the crime described herein. Such evidence shall include, but is not limited to, blood, hair, fibers, fingerprints, DNA, and generally any evidence which would be directly related to a vehicle vs. pedestrian collision. The search is to also include a thorough analysis of the interior of the vehicle for similar forensic/other evidence, not only for physical links relating to the crime, but which may also assist in the identification of passengers who were in the vehicle at the time of the crime. The search may also include the removal of portions of the vehicle for further scientific and detailed analysis.

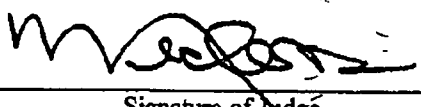

This Search Warrant shall not be valid for more than ten days from the date of issuance.
A written inventory of all property seized pursuant to this Search Warrant shall be made to

within ten days from the date of this warrant, such inventory to be signed by the officer executing this warrant, and a copy of such inventory shall be furnished to the person whose premises are searched if demand for such copy is made.

A copy of this Search Warrant shall be delivered to the person in charge of the premises searched at the time of such search if practicable, and, if not, to such person as soon thereafter as is practicable; in the event the identity of the person in charge is not known or if such person cannot be found after reasonable diligence in attempting to locate the person, a copy shall be attached to a prominent place on such premises.

Personally appeared before me, one Captain J.S. Smith who, being duly sworn, says that there is probable cause to believe that certain property subject to seizure under provisions of Section 17-13-140, 1976 Code of Laws of South Carolina, as amended, is located on the following premises in this County:

DESCRIPTION OF PROPERTY SOUGHT

Forensic evidence related to the crime described herein. Such evidence shall include, but is not limited to, blood, hair, fibers, fingerprints, DNA, and generally any evidence which would be directly related to a vehicle vs. pedestrian collision. The search is to also include a thorough analysis of the interior of the vehicle for similar forensic/other evidence, not only for physical links relating to the crime, but which may also assist in the identification of passengers who were in the vehicle at the time of the crime. The search may also include the removal of portions of the vehicle for further scientific and detailed analysis.

The vehicle is currently located in the RCSD forensic warehouse at 5623 Two Notch Rd. in Richland County.

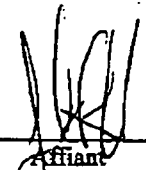

**REASON FOR AFFIANT'S BELIEF THAT THE
PROPERTY SOUGHT IS ON THE SUBJECT PREMISES**

On 4-19-09 a vehicle vs. pedestrian(s) incident occurred at 1225 Bluff Rd. in Richland County. The details of the crime are outlined in RCSD incident report # 09041782-19. The incident occurred in the aftermath of a party at the National Guard Armory, during which an altercation broke out between patrons. One faction involved in the altercation were identified as Omega fraternity members, many of whom were USC students. The other faction involved in the altercation were unknown to the Omega group. After the altercation was broken up the two pedestrian victims were attempting to

make their way away from the location by crossing Bluff Rd. Before the pair could make it to the other side of the road they were both struck by a vehicle, which was described as a late 90's to early 2000 Honda Accord, which was described as being silver in color. Witness accounts indicated that the driver of the vehicle purposefully directed the path of the vehicle into the two victims thereby striking both of them. One of the victims suffered only minor injuries after being hit by the passenger-side mirror, but the second victim was struck head on by the vehicle and was thrown across the hood. The second victim was thrown to the pavement where he struck his head. At the time of the preparation of this affidavit that second victim is not expected to survive from his injuries. At least one witness account indicated that a shorter black male subject was involved in the altercation inside of the Armory, and that same subject got into the Honda Accord. That same witness account indicated that a taller black male actually got into the driver-side of the car before the Accord was driven from the party, but before the assault on the pedestrians.

Investigators engaged in one interview with an Omega fraternity patron who indicated that the shorter black male had indicated that he was indeed a USC student, and was from the Charleston area.

On the morning of 4-20-09 the affiant reached out to the University of S.C. Police Department for assistance in attempting to locate the suspect vehicle. This was based on the possibility that the suspect may be a USC student, as many of the patrons were indeed USC students. At this time the affiant was informed by Chief Jim Miles that one of his investigators had received a tip as to the identity of the suspect vehicle driver. The tip was made to Investigator Lisa Branham. The affiant spoke directly to Inv. Branham who advised the following: The call came in through their dispatch at approximately 0756 hrs. The tipster indicated that one Daydrian Rouse was involved in the disturbance at the party and was kicked out of the party. The tipster further indicated that Rouse was indeed a USC student and that he was from Charleston. The tipster further indicated that Rouse was a "person of interest" in the vehicular assault case. Branham had confirmed that Rouse was indeed a student, but had no local address other than his Charleston address, which was confirmed to be 1526 Theresa Dr. The affiant researched DMV records and learned that one Ernest Rouse and one Betty Rouse (believed to possibly be Daydrian's parents) both had Honda vehicles registered in their respective names. One vehicle was a 2000 Honda LX Accord bearing S.C. tag CNR 944, and the second vehicle was identified as 2003 Honda Accord LX bearing S.C. tag DRK 311. Investigators began searching for either, or both, of those vehicles immediately.

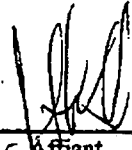

Later in the early afternoon of the 20th the affiant located one of the aforementioned registered Honda Accords at 1601 Longcreek Dr, which was identified as the Park Apartments. The vehicle was noted to be the Honda Accord bearing S.C. tag CNR 944, which is mentioned above. The affiant immediately noted that the passenger-side mirror was completely missing from the vehicle. The affiant also noted damage on the hood of the vehicle. Further analysis revealed that the passenger-side mirror was actually noted to be in the passenger floorboard of the vehicle. This item was in plain view. The affiant realized at this juncture that the tip which was made to Investigator Lisa Branham had been fully corroborated. At that time the affiant had the vehicle towed to the RCSD forensic building for further processing, pending the issuance and service of this search warrant.

The affiant desires to search for any forensic/physical evidence of this vehicular assault, which may be on the exterior or interior the vehicle. Such evidence may include, but is not limited to, blood, hair, fibers, fingerprints, DNA, and generally

any evidence which would be directly related to a vehicle vs. pedestrian collision. The search is to also include a thorough analysis of the interior of the vehicle for similar forensic/other evidence, not only for physical links relating to the crime, but which may also assist in the identification of passengers who were in the vehicle at the time of the crime. The search may also include the removal of portions of the vehicle for further scientific and detailed analysis.

The affiant submits that this search is warranted by the totality of the facts outlined within this affidavit, and is needed to further the investigation of this case.

We noticed the tall dudes crew was crossing the street. It was some girls & some boys so it was about eight people crossing the street. We had agreed that someone was going to meet up with us at our car so that we could follow them to the apartment, so we started walking across the street. It was me, Travis Ashford & Justin. I was driving one car & Travis Ashford & Justin Boyd was riding with Justin Howe. Howe had already crossed the street. Some people had already crossed the street & some people was behind us. All three of us got in the median. Two cars had passed because Richland County was conducting traffic down the road. We saw the silver Honda stop and I heard someone from the Honda yell "Go Ahead" like tell us to go ahead & cross. We went ahead & started

The next thing I know I heard Travis yell "Watch out" and that is when the car hit my elbow & then it hit Justin who rolled off the hard. The car kept going. After he hit Justin I didn't pay the car any more attention. I just started calling 911 & watching Justin. After that we waited for the ambulance & went to the hospital.

Q: When was the last time you saw the tall dude who was bleeding from the mouth?

A: He was crossing the street still talking trash to one of the omegas. I told that omega to ignore them.

Q: What makes you so sure that someone from the vehicle ... the silver Honda told you to go ahead?

A: Because the way that Richland County was directing traffic they didn't let anyone else through there was no other car there. That was the only car that was there.

Q: Did you see a dark in color SUV while you were waiting for the silver car to let you cross?

A: No, sir. I don't remember that. I think there was a dark SUV parked over there when they were walking towards their car parked on-

Q Did you observe a fight around closing time sometime around 2:00 AM?

A There were several fights that broke out at that time. I was standing with my Fraternity Brothers at the time and was trying to avoid any trouble.

Richland Co. broke up the fights and got everyone to start heading outside. We all went outside and stood together. Alvarez, Pringle, Travis Ashford, Justin Boyd, Justin Howell, Antwan Gable, Michael Cooper and LATON DAVIS were all there. They were all talking. I was just standing there by the police as they talked.

About 5 minutes later we all went to cross the street to go to our cars. I was first across the street about 10 feet in front of my Fraternity brothers. There was no traffic coming when I walked across. Once across I kept walking because I knew they were right behind me. As I walked I heard a loud noise, like a gun going off. Who makes the following statement under oath to wit:

Q=Investigator Matt Ellis

A=Daydrian Rouse

Q=Daydrian did you come to RCSD today with your father on your own free will to talk to me about the incident on Bluff Road a couple days ago?

A=Yes.

Q=Did I tell you that you were not under arrest and that you were free to leave at any point?

A=Yes.

Q=Did you come to tell me your side of the story on your own free will?

A=Yes.

Q=Tell me what happened at the Omega party on Bluff Road at the Armory?

A=When I was leaving in my gold Honda Accord, I made a right out of the parking lot that I showed you on the map in the direction of the fast food restaurant to get something to eat. As I was driving, there was a black either SUV, Truck or van beside me. I was in the right lane and the black vehicle was in the left. The black vehicle slowed down and I slowed down too but I was passing the black vehicle. While passing the black vehicle I realized that there was a group of people walking across the middle of the intersection and there was just one person in a white shirt that ran across my line of sight. I tried to slow down but I guess that he skimmed the top of my hood as he ran across the street. I kept going forward and as I looked in my mirror (rear view mirror) I could see that he was still walking. That is when I proceeded to get something to eat at McDonalds (thinks its on Elmwood). After I got something to eat, I went back to my apartment. Once I got out of my car I realized the damage to my car. There was a little dent on the hood and somehow my passenger side mirror was hanging down. I later went to my brother's apartment and spent the night there.

Q=Was there anyone with you when you hit this guy in your car?

A=Yes. Tory Shaw who lives with me. He was the only one with me.

Q=There wasn't 4 people in your car?

A=No when I first got to my car there was me, Tory, my brother, his girlfriend and the officer. I can't have 4 people in my car because the rims will rub.

Q=Do you remember hitting more than one person?

A=I only hit one person. I really didn't hit him I just brushed or skimmed him.

Q=The damage to your hood and the broken mirror, was it there before you left the Armory party?

A=Not to my knowledge. I suspected the damage from the hood came from the guy running across the street. I not sure about the mirror.

Q=Were you intoxicated when you hit this guy that ran across the street?

A=No.

Q=How much did you have to drink that night?

A=I only had one "Omega Oil".

Q=Where is the mirror that was hanging down?

A=Its in the car now. After I realized it was hanging I cut it off.

Q=How fast do you think that you were traveling when you hit the guy?

A=At the most it couldn't had been more than 15 MPH as I was braking. I know that the speed limit is 35 MPH and the police sit there night and day.

Q=Why didn't you stop after you hit the guy?

A=Because I saw him still walking.

Q=Do you understand that it is against the law not to stop after having an accident?

A=No. I didn't consider it to be an actual car accident. I saw that he was still walking after he skimmed my car and I didn't think anything of it.

Q=What did Tory tell you about the guy that you hit?

A=He said that he thought that it might have been one of the guys that may have been fighting him after the fact. That is another reason that I didn't stop to prevent another altercation.

Q=I understand that there was an altercation inside the party before you left that you have described in detail to me but wish not to have that part of your statement. Is this correct?

Columbia (WLTx) – Richland County deputies say a man was hit by a car on Bluff Road early Sunday morning after a fight broke out at a party.

Around 2:30 a.m., deputies responded to the Armory on Bluff Road, which is rented out occasionally for parties. Authorities say a fight broke outside inside the building and spilled outside.

Deputies say a male victim was hit by a vehicle while walking in the roadway. He was transported to a local hospital with non-life threatening injuries.

At this time, authorities are trying to determine who hit the victim with the vehicle, as well as what cause the fight to break out.

If you have any information that can help authorities, call CrimeStoppers at 1-868-CRIME-SC or text a tip to CRIMES beginning with the term "TIPSC." All calls are anonymous, and if the information you provide leads to an arrest, you can be eligible to receive a cash reward of \$1,000.
