Good morning.

Since the appellant's initial brief and designation have already been served and filed, once the transcript is received, the attorney may amend the brief and designation within the time given in the April 30, 2014 order. If no amendments will be made, please notify the Court in writing so that time for serving and filing the respondent's initial brief and designation may be calculated.

I am also copying Deborah Shupe or the Attorney General's office with a copy of this email for her information.

Please feel free to contact me if you have any further questions.

Very truly yours,

Monica L. Amick-Cassidy

Subject: The State v. Shawn J. Burris - Appellate Case no. 2013- 1035

Good morning, Ms. Kitchings and Monica,

We received the Court's order denying our Motion to Hold in Abeyance (attached).

The Motion to Hold in Abeyance was filed with copies of 3 requests, dated March 18, 2014, for a Motion for Continuance Hearing transcript and a Motion to Relieve Counsel Hearing transcript from March 14, 2013 (attached). The Motion to Relieve Counsel Hearing transcript was received.

Court Reporter, Ms. Amanda Haffenden, informed us that there was no Motion for Continuance Hearing transcript on March 14, 2013. Therefore, a second request was sent, dated April 21, 2014, for the Motion for Continuance Hearing held on March 15, 2013 (attached). This transcript has not been received yet.

The initial brief of appellant and designation of matter was already filed on March 13, 2014. I am also attaching this brief.

Please advise.

Paula Murdoch
