My name is Deborah Jean Sanders and I'm writing this letter concerning my paper work about my case that I've send to you in December of 2012. I haven't heard anything at all about my case. Is there anything else that I need to do concerning my case. Before my trial I were offered a Plea Bargain the reason why I didn't take the plea because Robert Tinsley never explain to me in either offered on how much time I could have gotten. If only Robert Tinsley had explain to me in either plea how much time I could have gotten I would of took the plea. He admitted that he made a three fold mistake. <sup>(1)</sup> He should of convince me to take the plea bargain. <sup>(2)</sup> He should of showed my sweat pants the ones I had on the night of my crime. <sup>(3)</sup> He shouldn't have put me on the stand. Then Robert Tinsley made a comment in the courtroom talking about that I'm not right brite.

They shouldn't have put the father of my Rich on the stand to testify against me. When I called the Police on him they didn't do nothing. Please let me know something.

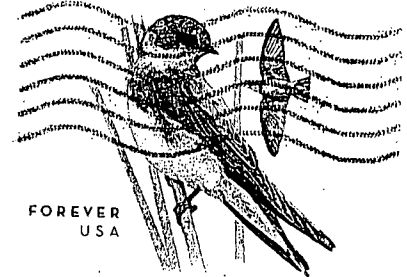

Thank you

Deborah Jean Sanders
