

The South Carolina Court of Appeals

South Carolina Electric & Gas Co., Respondent,

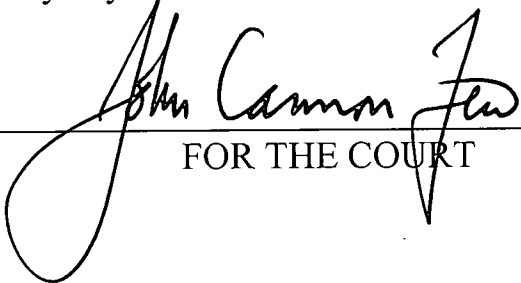

v.

Anson Construction Company, Inc., Appellant.

Appellate Case No. 2013-001623

ORDER

Respondent has filed a motion to dismiss, arguing the underlying order is not immediately appealable. Additionally, Appellant filed a motion to strike Respondent's motion to dismiss or alternatively to extend the time to file a return to Respondent's motion to dismiss. After careful consideration, Respondent's motion to dismiss is denied. *See Nauful v. Milligan*, 258 S.C. 139, 143-44, 187 S.E.2d 511, 512 (1972) (noting an interlocutory order leaving only the amount of damages at issue is immediately appealable). Because Respondent's motion is denied, this Court declines to rule on Appellant's motion. Respondent will file its initial brief and designation of matter within thirty days of this order.
