My Statement

(what I really said)

SC Court of Appeals

I pulled up in the driveway of 617 W. Thlucoochee Ave in back of a Silver Caravan. In the car I had myself Kye Graham on the passenger side, and Lamont Davis directly behind me in the back seat. Kye got out the car to purchase some weed, I then got out to say high to Charles Wilson the guy who stayed there about 20 seconds after Kye. I got out and shook Charles Wilson hand and a guy they call Grison's hand because they stayed there. Then Ian Gause states "that's all you see" very angrily. So I told him I said high to everyone one. To avoid conflict I walked back to my car and waited for Kye. Kye is walking back to my car and Kye are talking then Ian Gause starts walking to my car with a gun faced pointing ^{to} the ^{ground}. I see this so I reach in the truck and put my knife in my pants before he gets to close at this point I'm scared. So he then walks up to my car and says "you getting out like you want to do something." I told him no "I don't want to do nothing" But I ain't no punk. He then raises his gun to waist level so I can clearly see it. I then tried to get into the car while Lamont Davis was trying to prevent Ian from shooting me by stand in the way of us. Ian then stated "Try to get into the car and watch what I do to you!" so I then tried to go around the car to the other side and Ian told his brother Rishawn Gause "don't let him get into the car." At that this time Rishawn ^{has already} went to the car and got his gun from the driver's side met me on the other side of the back of my car shot his gun off (twice) and stated "y'all need to ride out" I told him look your brother will let me. I looked towards the end of the street and Lamont was running and almost at the end of the street. So I backed up in that direction and Ian Gause came to the edge of the driveway and stated "Try to run and see what I do to you." So I didn't run in fear of being shot in the back. So I backed up to Rishawn's side of the car passed him and back under the car port hoping he had stopped. Ian Gause then comes after me again while backing up ^{he is} pointing the gun. I tripped over the back side steps in the back now Ian Gause is standing directly over me with his gun over me. I then think if "I'm going to die I'm going to die trying." So I then get off the ground pulling my knife out while being cornered off and swing it at Ian then him and Rishawn began beating me with pistols and Rishawn also was kicking me! Then Grison ran in the house and turned off the car port light while they beat me, and everyone also stood in the front and didn't try to break it up. I then swing my knife at Rishawn to get him off me. He then ran to the side of the caravan and stood there with his gun out. Ian then on the edge of the caravan with his gun pointing at me ran up on me again. I then ducked and swing at him. I then dove to the ground and Ian shot his gun (1) time at my back. While on the ground I peeked around to see Rishawn he then shot his gun at me, just barely missing my face. I then ran around the house staying low to the ground so I didn't get shot trying to run from them hiding in back close to the neighbors house. When I thought they were coming after me I heard a car pull off. So I call (Kye Graham) Cell phone # he said they left and I then came out from behind the house.

I feel this is why my
