Re: 2009-141246
2008-CP-23-5245

Dear Sirs of the Court,

This is to advise you that my son, Steve Austin has passed away unexpectedly and he would want you to know. He was a key witness in the unfortunate law suit brought by Blue Ridge Electrical Coop against Miss Kathleen Jennings and about the pole they put on her property without permission, trespassing. My son knew all the right of ways from his work and was very familiar with highway 11, right near our house. He much grieved over this case as he told me because of how Blue Ridge took advantage of a long property owner by misplacing the big pole, and all the long wires. We are very sad with his passing and hoped you would uphold the jury verdict which was the right verdict. He worried about it til his end of days and would want you to know.

Yours truly,

Jo Austin
