[motion to Compel]

Dear Ms. Abbott Kitchings:

As the appellant in the above styled matter, I am responsible for producing the record on appeal. The appeal is from the decision of Arbitrator John Devlin. Mr. Devlin's decision is dated 4/17/2013.

In response to my letter to Mr. Devlin in which I requested the recording made by him using his handheld digital recorder during our Arbitration meeting, Mr. devlin advised me that he did not record the proceedings. However, I personally saw that he was doing so as we talked. My attorney Mr. Lee Daniel agreed he saw Mr. Devlin using his handheld recorder during our arbitration. A copy of his reply is attached.

In addition, I later called Mr. Devlin's office and spoke to his legal Asistant, Laura about a court reporter picking up the recordings to be transcribed. She Paused and expressed to me "Yes, you are on there.

Therefore I move that the court direct Attorney John Devlin to furnishto me these digital recordings and any and all notes he has made from them, in order for me to prepare for my appeal properly.

Sincerely yours,

*Goldie Grier Reeves*
