Dear Nyrena

What's up?

Aint do much with
me just getting over a cold other than that
still hanging in there holding my head up
still praying hoping for the best on the
11th. First of all let me start off by saying
I miss you and you know that I got mad
love for ya but you writting me one minute
we on the same page you tell me you aint
worrying about what the streets saying and
then you turn around and contradict yourself
by writting me about some he say she
say. That's what got me in here now.
If I hurt your feelings in the last letter
I do a pologyee for that but you know that
the last thing I need is for you to be
writting me with some [redacted] and questioning
me about some he say she say them niggaz
just like the damn police just trying to figure
out what's going on. And on top of that I was

SICK. I'm thinking I'm bout to read
something to make me be at ease but
instead it was something to make me
upset, the last thing I needed in here.

[REDACTED]

[REDACTED] But anyway I need you to
call this number 665-3055 and talk
to Mr. Jack Lawson that is my lawyer.
Tell him that you are my girl and we
were at the room during the time they
said that this occurred. You can still tell

him that I picked you up in a van
and we went to the room but tell
him that you were waiting on me at
your sisters house but you left because
I took to long. If they ask you a time
just say you don't know what time it was
but you were sleep and we was out the
room sleep when the report on the news
said at 5:00 am. But anyways you don't have
to worry it will help me at my bond
hearing. You are who I was with when they
found him. How can we talk about being
together if you still letting the streets
bother you cuz like I told you many
times before I don't have to hide nothing
from you [REDACTED]

[REDACTED] But anyways
I've been trying to reach my moma but
I can't get through call her and tell
her to drop me off about 125 Tuesday
tell her she aint got to come see me
just put it in my account cause this
is the week we order for Thanksgiving
also and we double our orders.

Well I just wanted to apologize for the last letter lik boy cause I don't want you thinking I flipped out on you. I just don't need any negativity. Did you go to Cosmos and talk to my homeboy girl for me. I need you to do that and let him know that my bond hearing next month I'm looking at \$30000 surety 3 grand to move my handle that for me. It's the Chubby girl who I let pick out my clothes she the only chubby one that work there. Her boy friend name Garry. Hold ya head, stay strong, strive for the best, knock out the rest. [REDACTED] Keep praying write back soon A.S.A.P.

P.S.

[REDACTED] Kiss my babies and tell them I'll see them soon handle that same ASAP I need to have that money up. Call Luck 229-2274 tell him I said get a dude he runnin his mouth

Dear NY

What's up?

Aint nothing much my way just trying my best to stay strong and hold my head. If it aint one thing it's another these people done gone crazy they changing our visits now I know that my name only come see me ONCE OR TWICE a month and only see you maybe twice a month and the only day that I get a visit from yall is on Sunday and now tonight they done come up with we can't have visits but once a week and no visits on Sundays. I don't know what the hell I'm gonna do now. But anyway I got my motion of discovery on yesterday. It's got alot of different stories on what happened on that day. If I see you this weekend I will tell you what they saying. But your statement could hurt me in court because they saying you told them that it was not a Taxi and it was a young dude driving

the Van and also that you was sleep
and I was on the phone talking to
somebody about dude but that has got
to be when my phone started ringing and
that I left you and didn't come back
until 6:00 am but they said dude was dead
at 5:17 am and the receipt from the court
shows us checking in at 5:34 am but the
Clerk saying he didn't see me but to
cover that up I'll just say I was smoking
a cigarette and for you did they read you
any rights most of the statements took
like they were recorded but all that I
have to say is you ain't never been
through a situation like that before and
you were scared because you ain't
never been in jail and they threaten
that you could get charged. But like
I said I hope to see you so we can
talk about it. Don't stress it. But my
case is weak as hell just a bunch of
he say she say it's at least 3 more
people who were out to get dude that
they have not questioned or anything

[REDACTED]

[REDACTED]
[REDACTED]
[REDACTED] But anyway if I don't see
you I will write you and let you know
peace by peace what all my statements
say. I love you and miss you dearly,
hope you are holding yourself down so
wuhll I hear from you. Keep ya head up
stay strong, keep it real, and keep it tight
I have to bond out in April I don't want
to ask for a bond reduction now because
I don't want to lose my bond [REDACTED]

[REDACTED]
[REDACTED]
[REDACTED] Anyways, holla back ASAP
[REDACTED]

P.S. [REDACTED] Always
I miss you I love you
you kiss, kiss all my
girls I love them. **Greg**
Don't get out upset [REDACTED]
I'm good just try to [REDACTED]
come see me. heh [REDACTED]
my G know I got my
Discovery

Dear My (Snuggle-Puss)

What's up?

A lot to mach with
me just trying to ~~maintain~~ and hold my
head and stay as strong as possible well
I hope you holding ya head out there
and not worrying about situations beyond
your control well I told my mama to
tell you I got your letter but I'm not
writing and so tell you that it's nothing
that you did thing just in one of my
moods where I don't feel like writing
and envelopes don't want up and I'll go
since you don't write me but once in
a while mood then maybe it'll stop
writing then I won't keep looking for
a letter from you on a regular and just
because I don't write you can still come
visit. You make me feel like you can't
get time for me!!! I've been looking
to see your face every since I got
that letter from you last month a
whole nother month is about to pass and

I aint seen or heard from you My mama
came to see me yesterday and told me
that she talked to my daddy and he still
shooting them dreams about getting me
out. But she still waiting on her lawyer
to set up a settlement hearing and he want
her to go to another doctor but she
dont want to see a doctor she want
to settle so she can get me out this far
as me going to court and nothing
happening in what no time soon.

[REDACTED]

So basically all I've
been trying to do is have myself to
have the patience to hold on until I can
get bonded out she told me that you
going through some problems and about
you said you needed to come stay with
her. Now you know my mama aint just

Gonna let you move in with her like that but she will let you stay the night anytime you need to get away. I told you that like I told you I know times is hard and aint to much you can do. But you can't give up you got to keep pushing and striving harder. I'm doing all that I can to get home. But it's only so much I can do from in here. I need outside help and support like I told you to. Understand you don't got no money, no car and all you can write me and let me know what's good. To mean how do you think I feel when I get a letter from you saying you still here but I don't here from you weeks and weeks at a time. Put yourself in my shoes you would feel like I done said [REDACTED] it all ya feel me. But anywayz even if you feel like you can't vibe with me no more just tell me like I told you I rather you keep it 100 with me than have me wondering in the blind!! So hallelu at ya boy let me know what's really good. And I need for you to

Call 617-6919 and tell Gary that you
calling for me and let him know that Eddie
Barefoot said he will take \$2,000 and
come get me out. Tell him my mama need
\$1,000. That's who was who dropped us
out of the room. Or if you see Yage
tell him to tell GARY I need you
to do this for me ASAP. And do your
best to come see me and when my mama
only come see me once every two weeks
on Saturdays she probably want be back until
the 28th or see when she coming and
come with her. I can have 3 visitors at
a time. Write me back ASAP and let
me know something. Well talk to here from
you. Hold ya head steady, keep it
cool, stay dead. And remember to pray and
through every dark night comes a brighter
day. Love my girls. I miss them and I
love them.
