

Dear, Chief Justice Tol

I'm writing in concern of my 2013 petition for writ of Certiorari. That was filed by Deputy Chief Appellate Defender, Wanda H. Carter, on the 30th day of October, 2013. I've written Mrs. Carter a letter three weeks ago and I haven't gotten a response to my letter. My concern is that I don't want my time to expire, so that I wouldn't be able to file for a federal habeas Corpus action if the supreme court has dismissed my case from my first PCR case. I've been informed that my year will be up in October of 2014 and that's four and a half weeks from now. I would like to file a federal habeas Corpus, if my case have been dismissed. So could you please get some-one from your office or Mrs. Carter's office to forward me any paper work from the supreme court if they've dismissed my petition for writ of Certiorari. This is my last chance to get my paper work correct in a timely matter. Thank you for your time and service's.
